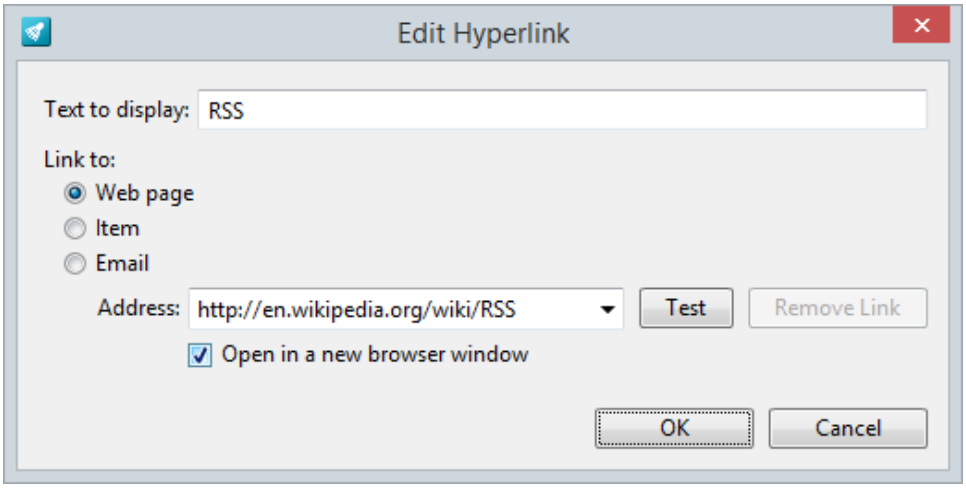
Adding Hyperlinks

To add a hyperlink:

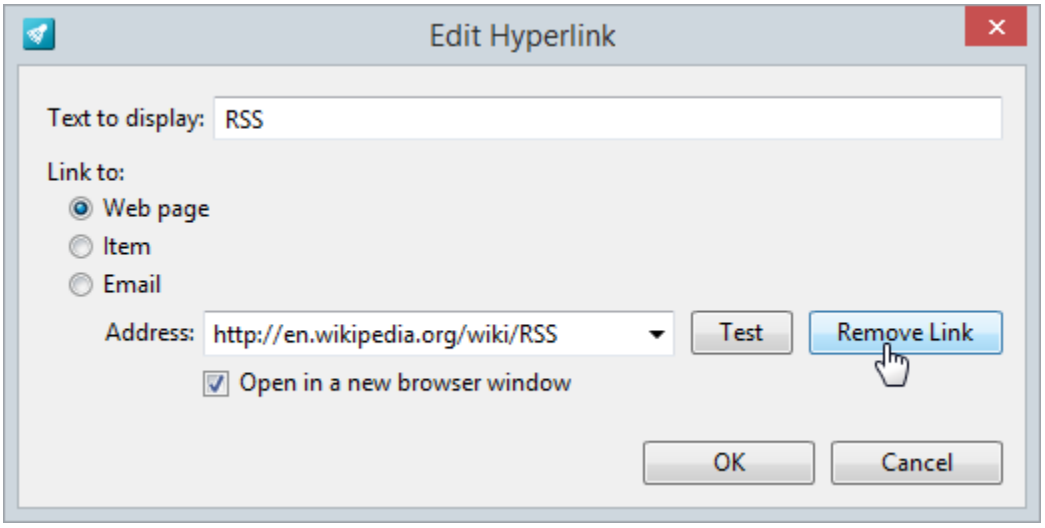
1. Select the text that you want to convert to a hyperlink.
2. Click the **Hyperlink** button on the editor toolbar.
3. Choose a hyperlink type using the radio buttons.



4. Click **OK**.

Link Type	Description
Web page	Enter a web page address in the corresponding field. You can check if a link works correctly by clicking the **Test** button (the program will open the URL in your default web browser). You may also find the **Open in a new browser window** option helpful. If you leave it unchecked, a click on a link will open a target page in the same window with your quiz.
Interaction Item	Choose an item from the drop-down menu.
Email	Type an email address in the corresponding field.

Removing Hyperlinks

To remove a hyperlink:


1. Click the hyperlink in the text.
2. Click the **Hyperlink** button on the editor toolbar.
3. Click the **Remove Link** button.
