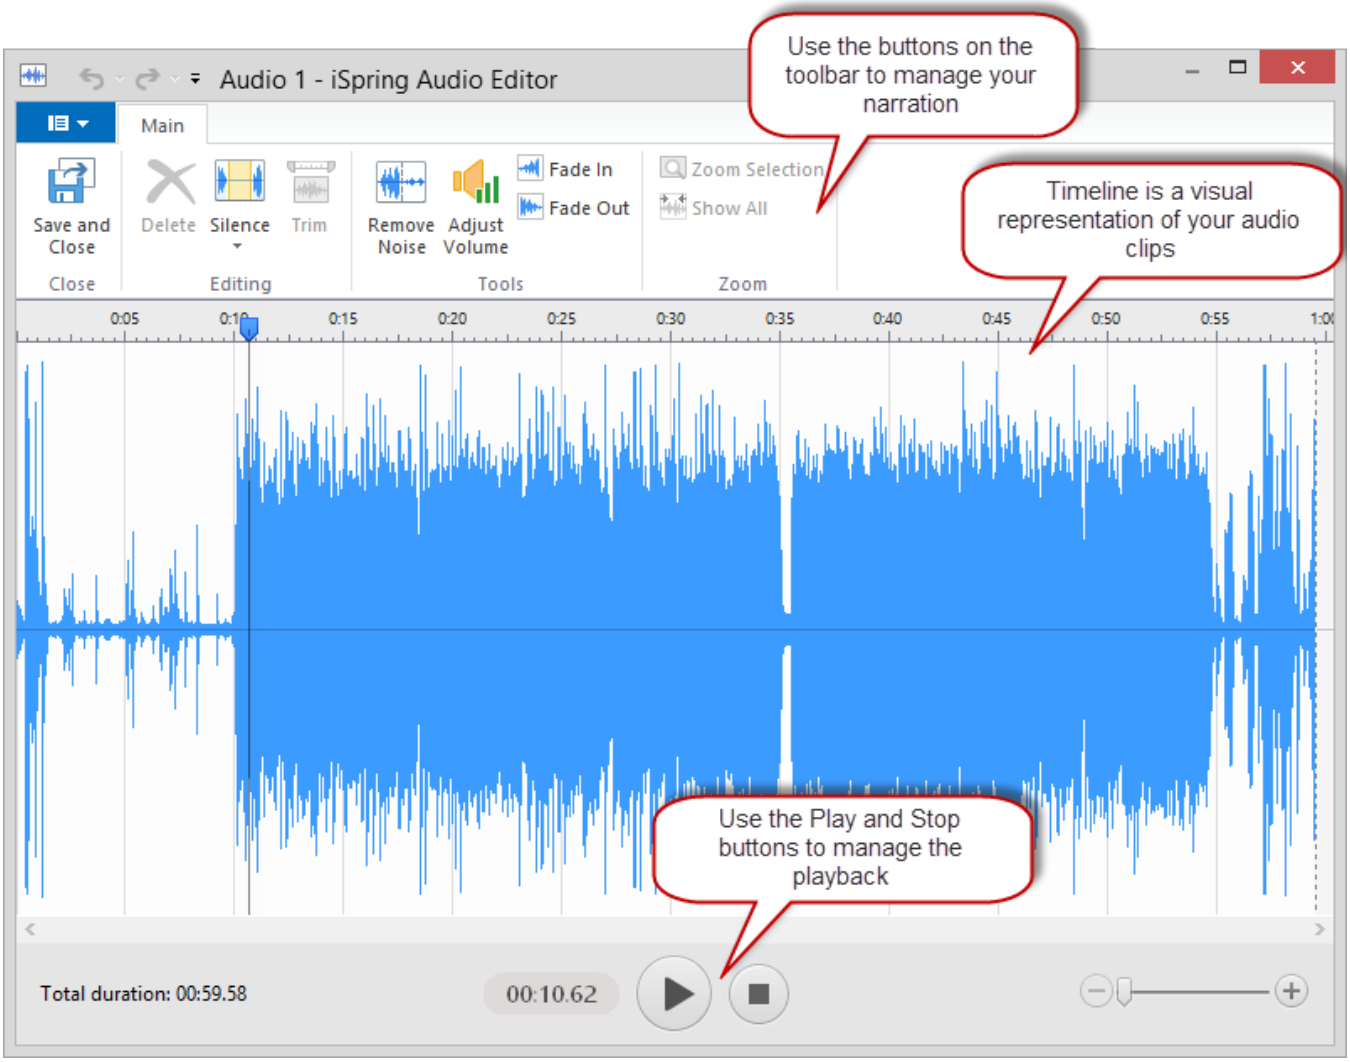
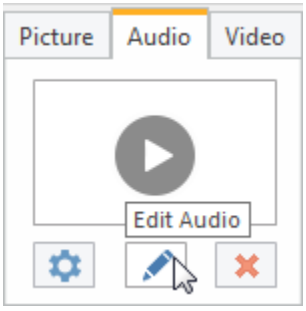
Audio Editor

iSpring QuizMaker 8 features the new built-in **Audio Editor**. It allows you to adjust your audio narration right within your iSpring program. You don't have to use any third-party software to trim clips, remove noise or apply fade effects.



To access the Audio Editor:

1. Add Audio to a question or feedback.
2. Click **Edit Audio** in the Add Media area



Now, you can enjoy all its new capabilities:
