

Publishing Quiz to iSpring Viewer

iSpring QuizMaker offers an easy way to make your quiz more effective. With [iSpring Viewer](#), you can access your quizzes on a wide range of devices, including iPads and Android tablets.

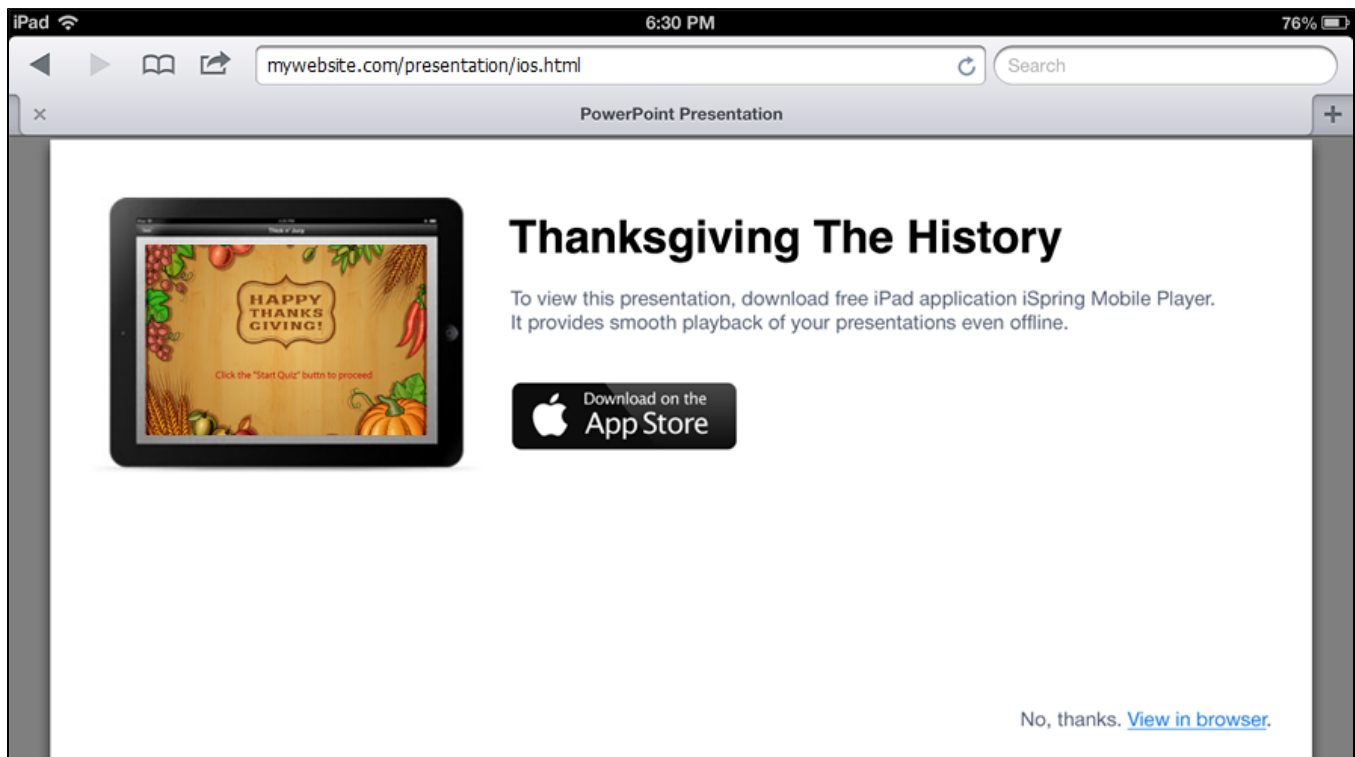

To view a quiz on tablets, mark the following options when publishing for Web:

1. Select the **Use iSpring Viewer** checkbox.
2. Next, upload your published quiz to any web site and share the link to the quiz with your users.
3. Then open the quiz link in the browser on your tablet. You will see the screen with the **Launch** button.
4. Tap **Launch** to view your quiz in the iSpring Viewer app.

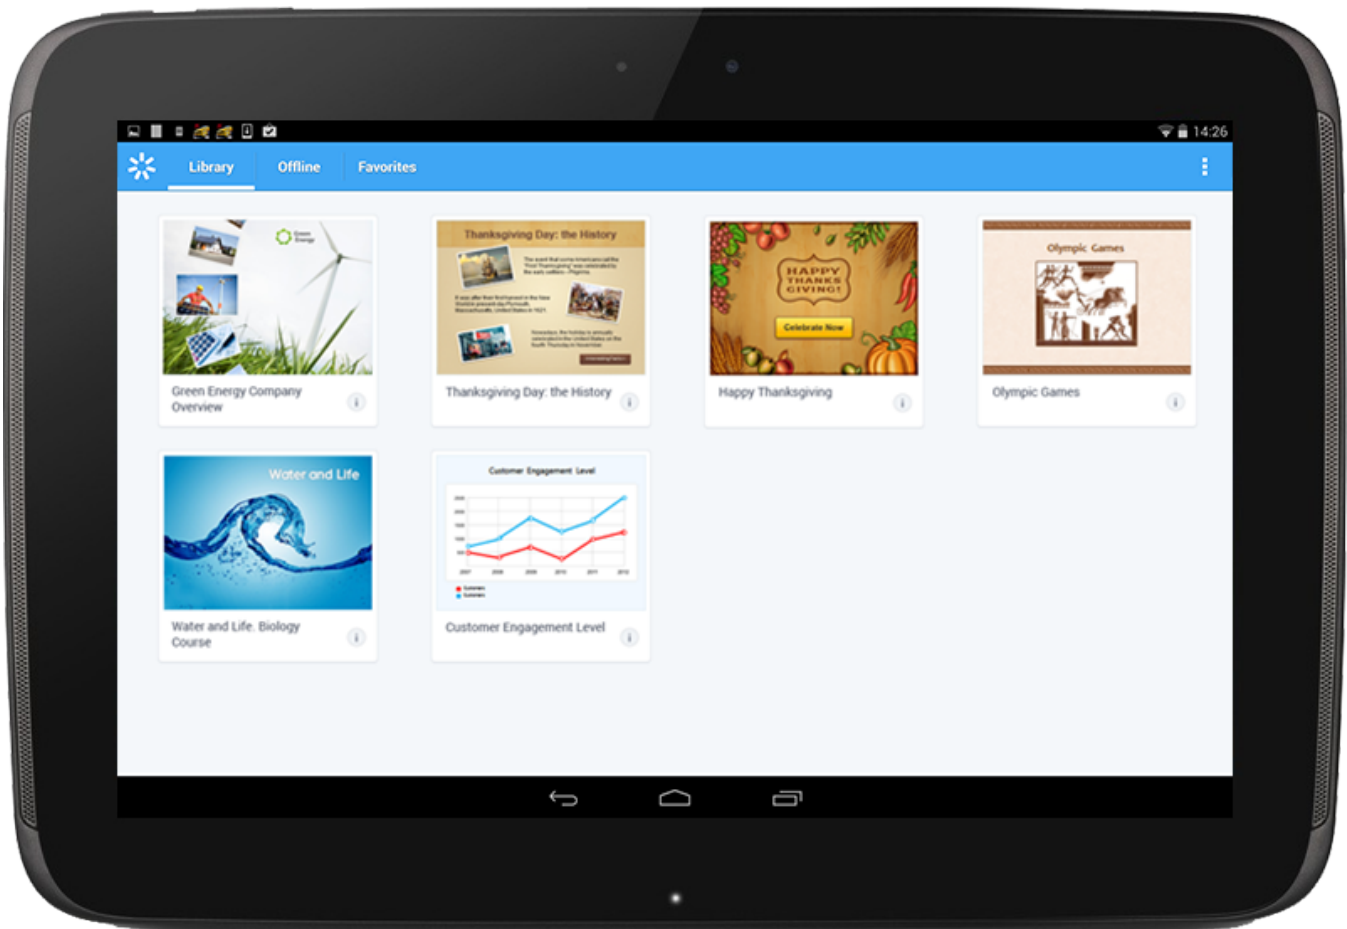

If the application is not installed on your device, you'll be asked to download it from the [Apple App Store](#) or [Google Play](#).

To start quiz playback, select a quiz in the list and tap the **Play** button.

If you view a quiz on your Android device, click the quiz thumbnail in the **Library** list.

You can access quizzes even when you are offline. To download a quiz for offline viewing, move the **Offline Viewing** slider to **On**. For Android devices, click the 'i' icon on the quiz thumbnail and switch on the 'Available online' slider. If you change the slider back to **Off**, the offline copy will be removed from your device.
