To publish a presentation for the Web, follow the instructions below:

- 1. Type a name for your presentation in the  $\ensuremath{\textbf{Presentation title}}$  field.
- 2. Specify a local folder or a network share to which you want to save the presentation in the Local folder field:
  Type a path to the destination folder manually
  - or
    - Click the Browse button on the right of the Local folder field, browse for the folder, select it and click OK.
- 3. Click the Publish button to publish your presentation.

When the Publish process is complete, a new window that shows a preview of your presentation will open.
