

Activating iSpring Converter Pro License

To start using iSpring Converter Pro without the trial period limitations, you need to obtain a product license and activate it.

- [Online Activation](#)
- [Manual Activation](#)

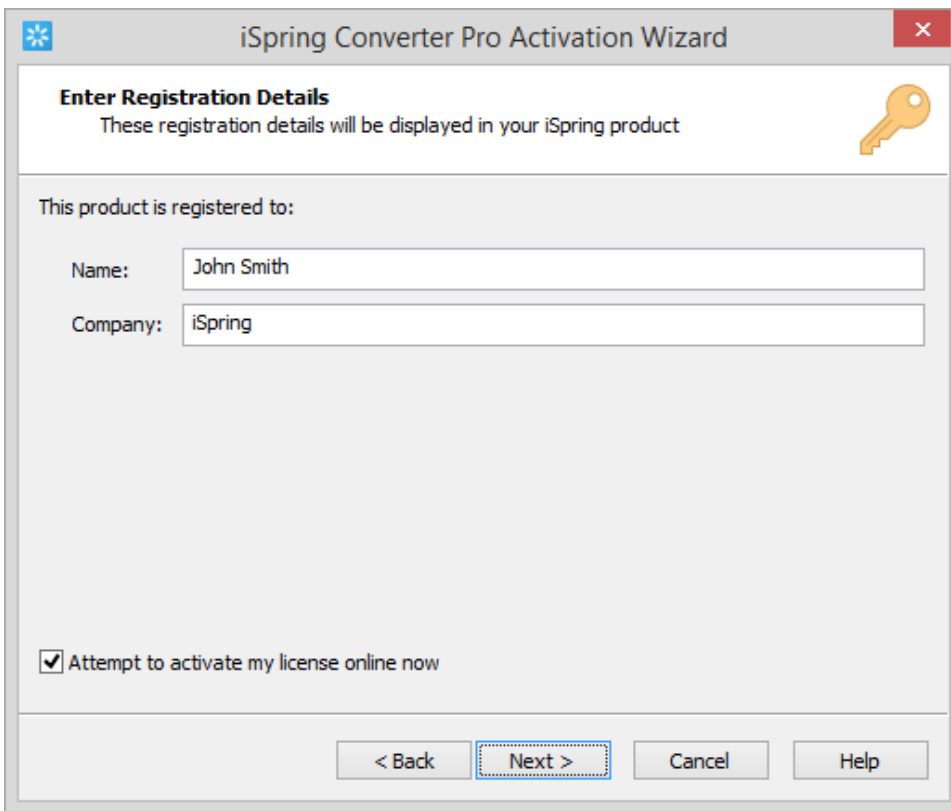

1. If you already have the iSpring Converter Pro license, enter your license key and click **Next** to proceed with entering Registration Details.

To purchase the iSpring Converter Pro license, click **Purchase Online**.

The image shows a Windows-style dialog box titled "iSpring Converter Pro Activation Wizard". The window has a standard title bar with a minimize button, a maximize button, and a close button (red X). The main content area is divided into two sections. The top section is titled "Enter License Key" and contains the instruction "Copy and paste the license key you received after the purchase of your iSpring license". To the right of this text is a yellow key icon. The bottom section is titled "Paste your license key to activate iSpring Converter Pro:" and contains a text input field with a placeholder license key: "XXXXX-XXXXX-XXXXX-XXXXX-XXXXX-XXXXX-XXXXX-XXXXX-XXXXX-XXXXX-XXXXX-XXXXX". Below the input field is a link that says "Don't have a license key? [Purchase Online](#)". At the bottom of the dialog box are four buttons: "< Back", "Next >", "Cancel", and "Help". The "Next >" button is highlighted with a blue border.

2. At the next step, you can specify the user's name and the company name. This information will be displayed in the **About** window of iSpring Converter Pro.

The image shows a Windows-style dialog box titled "iSpring Converter Pro Activation Wizard". The title bar includes a blue icon on the left and a red close button on the right. The main content area has a header section with the title "Enter Registration Details" and a subtitle "These registration details will be displayed in your iSpring product", accompanied by a yellow key icon. Below this, a label "This product is registered to:" precedes two text input fields: "Name:" with the value "John Smith" and "Company:" with the value "iSpring". At the bottom of the main area, there is a checkbox labeled "Attempt to activate my license online now" which is checked. The bottom of the dialog features four buttons: "< Back", "Next >" (which is highlighted with a blue dashed border), "Cancel", and "Help".

Online Activation

The fastest way to activate the license is to go through the online activation procedure. To do it, keep the **Attempt to activate my license online now** option checked and click **Next**. Online activation requires an active Internet connection. It usually takes just a few seconds to complete the online activation process.

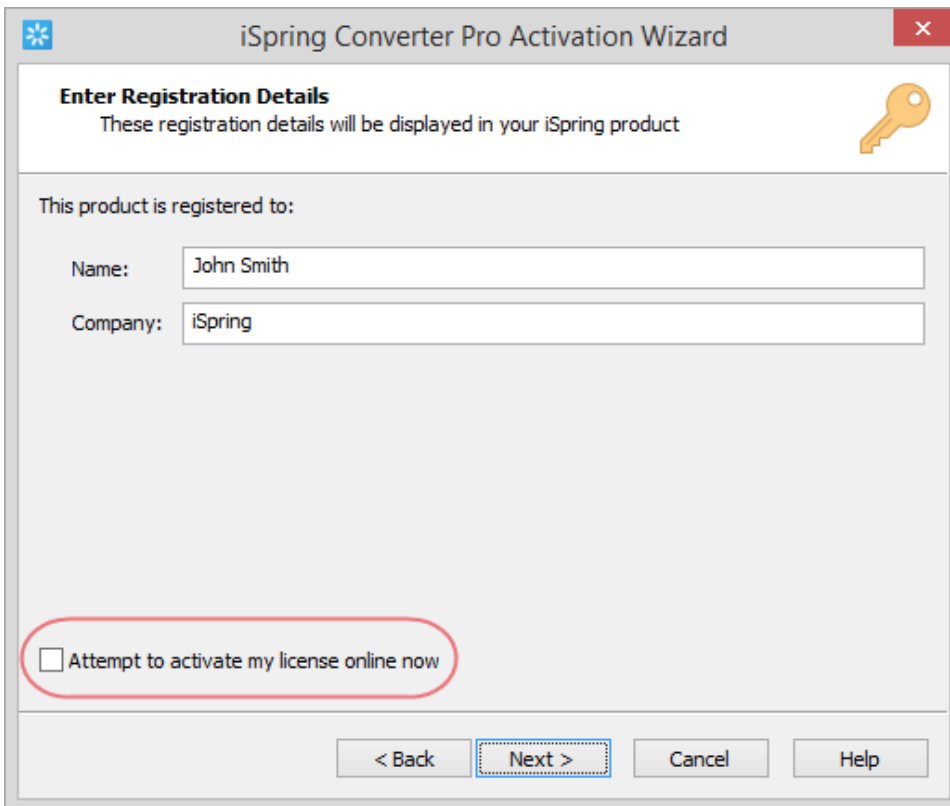

After successful activation, you will see the number of remaining activations and the total amount of the allowed activations for your license.

Manual Activation

To perform offline activation:

1. Clear the **Attempt to activate my license online now** checkbox, enter your registration information and click **Next**.

The screenshot shows the 'Enter Registration Details' window of the iSpring Converter Pro Activation Wizard. The window has a title bar with the iSpring logo and a close button. Below the title bar, the text 'Enter Registration Details' is followed by a subtitle 'These registration details will be displayed in your iSpring product' and a key icon. The main area contains the text 'This product is registered to:' followed by two input fields: 'Name:' with the value 'John Smith' and 'Company:' with the value 'iSpring'. At the bottom, there is a checkbox labeled 'Attempt to activate my license online now' which is currently unchecked and highlighted with a red oval. Below the checkbox are four buttons: '< Back', 'Next >' (highlighted with a blue dashed border), 'Cancel', and 'Help'.

2. Choose **Activate the license manually** and click **Next**.

The screenshot shows the 'License Activation' window of the iSpring Converter Pro Activation Wizard. The window has a title bar with the iSpring logo and a close button. Below the title bar, the text 'License Activation' is followed by a subtitle 'Select one of the following ways to activate the license' and a key icon. The main area contains three radio button options: 'Activate the license via the Internet now (recommended)' with a description 'The activation process requires active Internet connection and usually takes a few seconds.', 'Activate the license manually' (selected with a black dot and highlighted with a red oval) with a description 'Use manual activation when no Internet connection is available.', and 'Activate the license later' with a description 'It is necessary to activate your license within 3 days. As this period expires, the evaluation watermark will be added to generated presentations until the license is activated.' At the bottom are four buttons: '< Back', 'Next >' (highlighted with a blue dashed border), 'Cancel', and 'Help'.

License Activation
Select one of the following ways to activate the license

☐ Activate the license via the Internet now (recommended)
The activation process requires active Internet connection and usually takes a few seconds.

☒ Activate the license manually
Use manual activation when no Internet connection is available.

☐ Activate the license later
It is necessary to activate your license within 3 days. As this period expires, the evaluation watermark will be added to generated presentations until the license is activated.

3. Send a license activation request with your License request code and License key via email to the Support Team.
After you receive the License activation code from the iSpring Support Team, paste it into the corresponding field and click **Next**. Manual

activation requests are usually processed within one business day.

The screenshot shows the 'Manual License Activation' window of the iSpring Converter Pro Activation Wizard. The window has a title bar with the iSpring logo, the text 'iSpring Converter Pro Activation Wizard', and a close button. The main title is 'Manual License Activation' with a key icon. The process is divided into two steps. Step 1, 'Step 1', instructs the user to send a license request code and key to the iSpring Support Team. It includes input fields for the 'License request code' (containing 'W88BvA2B6+GGKzRLWV8Q3LTA4A=') and the 'License key' (containing 'C47E6-C70B6-BJ8D+H888H-F2BVF-6K6N6-B30N6-F35TH-2HEX'). A 'Send via email...' button is also present. Step 2, 'Step 2', asks the user to enter the license activation code received from the support team. It features an input field for the 'License activation code' (containing 'A8C0-A8C8E8D-C8A8D-C8A8C8E8D-S8A8C8E8'). At the bottom, there are four buttons: '< Back', 'Next >', 'Cancel', and 'Help'.

Activation process should be complete within 3 days after you entered the license key. If the license is not activated within this period, an evaluation watermark will be added to your presentations.

The license activation binds the product to a given computer and its operating system. As the number of the allowed activations is limited, you should [deactivate a previously activated license](#) in case you want to reinstall the operating system or activate the license on another computer. This way you will not lose your activations.
