

Uploading a Recording to YouTube

If you choose to upload your screen recording to YouTube:

1. Click **Upload** to YouTube from the View Recording window, and the **Upload to YouTube** dialog will open.

2. Click **Sign In** in the Account field and a standard Google login window will pop up. Enter your email and password, and click through.

3. iSpring Cam will ask you for permission to view your YouTube account and manage your videos.

Manage your YouTube videos

By clicking Allow, you allow this app and Google to use your information in accordance with their respective terms of service and privacy policies. You can change this and other [Account Permissions](#) at any time.

Deny

Allow

4. Now you can enter your video's title and description in the Upload to YouTube dialog (Step 1), and select a category and permission level. Click **OK** to upload your video directly to YouTube.

The image shows a Windows-style dialog box titled "Upload to YouTube" with a red close button in the top right corner. The dialog has a dark blue header bar with the iSpring Cam logo and name. Below the header, the "Account:" section shows the iSpring logo, the text "iSpring", and a "Sign Out" link. The "Video Information" section contains a "Title:" text box with the value "Screen Recording (23.12.2015 3-13-22)", a "Description:" text area with the text "iSpring Cam is screen recording software for Windows that is made for easily creating, editing and sharing beautiful screencasts.", a "Category:" dropdown menu set to "Education", and a "Permission:" dropdown menu set to "Public (anyone can search and view)". At the bottom right, there are "OK" and "Cancel" buttons.
