

# Activating iSpring Cam License

To start using iSpring Cam without the trial period limitations you need to obtain a product license and activate it:

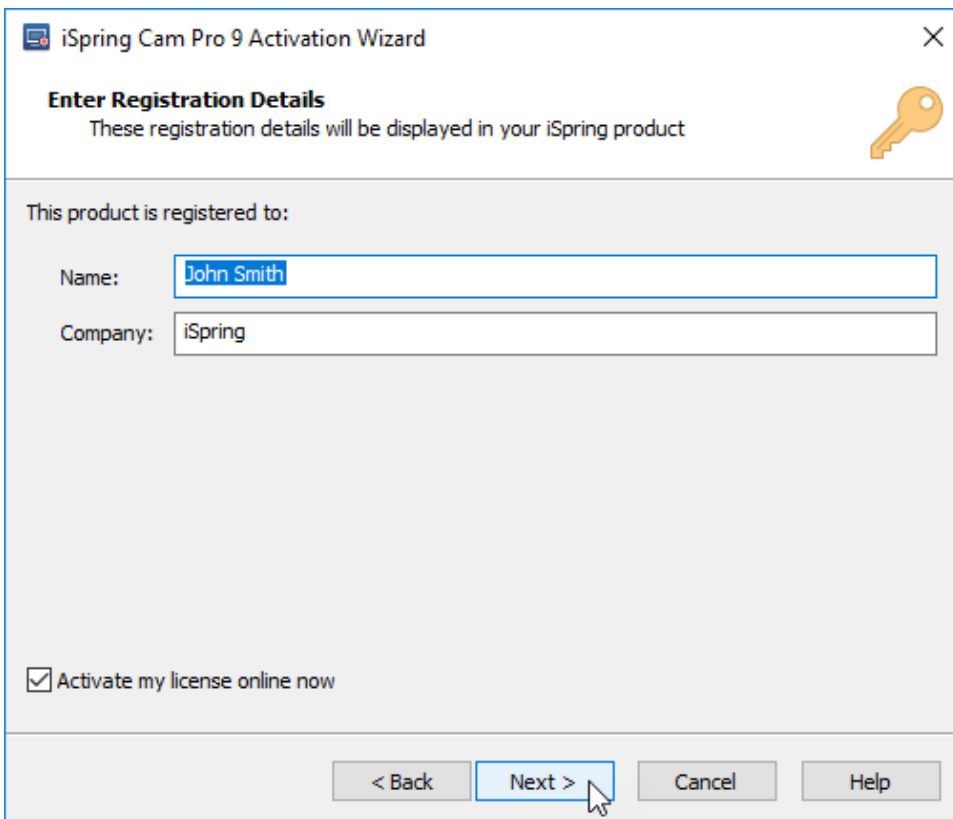

1. In the **Help** tab of the product toolbar click the **Activate** button to launch the iSpring Cam Activation Wizard.

2. If you already have an iSpring Cam license, enter your license key and click **Next** to proceed with entering **Registration Details**. To purchase the iSpring Cam license, click **Purchase Online**.

3. At the next step, you can specify the user's name and the company name. This information will be displayed in the **About** window of iSpring Cam.

The image shows a Windows-style dialog box titled "iSpring Cam Pro 9 Activation Wizard". It has a close button (X) in the top right corner. Below the title bar, the text "Enter Registration Details" is displayed in bold, followed by the instruction "These registration details will be displayed in your iSpring product". A yellow key icon is positioned to the right of this text. The main area of the dialog is light gray and contains the text "This product is registered to:". Below this, there are two text input fields: "Name:" with the value "John Smith" and "Company:" with the value "iSpring". At the bottom left, there is a checked checkbox labeled "Activate my license online now". At the bottom right, there are four buttons: "< Back", "Next >", "Cancel", and "Help". A mouse cursor is pointing at the "Next >" button.

**Enter Registration Details**  
These registration details will be displayed in your iSpring product

This product is registered to:

Name: John Smith

Company: iSpring

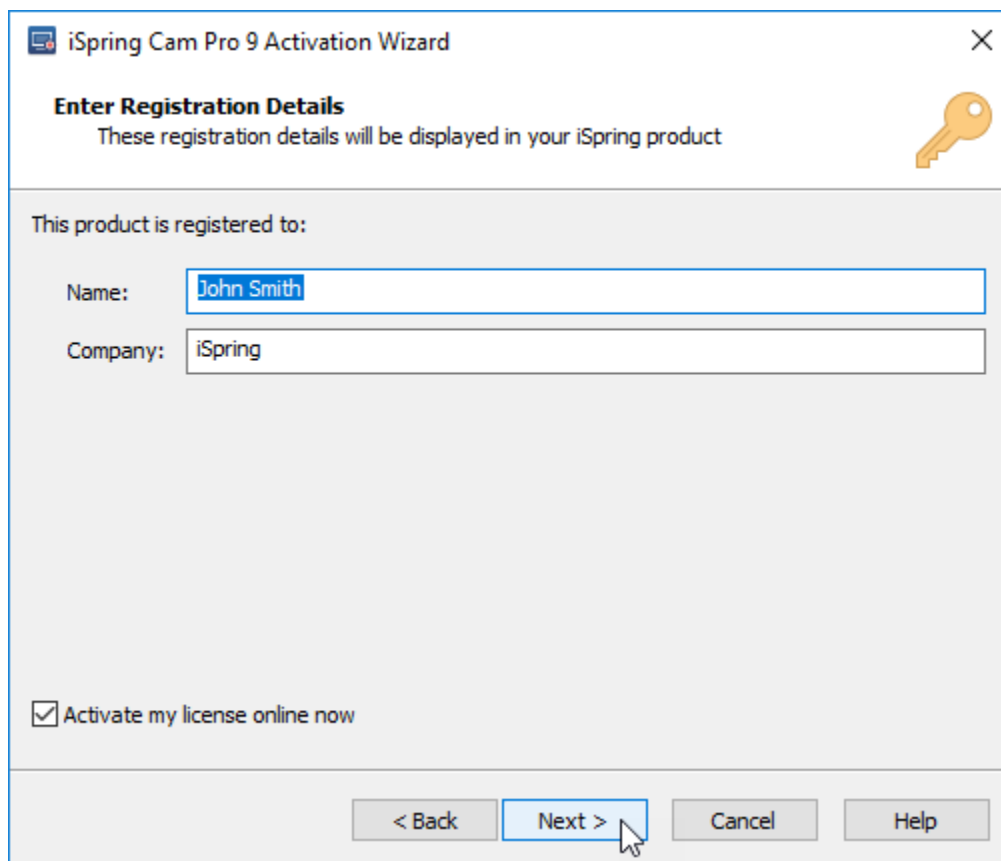

☒ Activate my license online now

< Back Next > Cancel Help

After you complete steps 1,2,3, you can choose whether to activate your license online or offline.

## Online Activation

The fastest way to activate the license is to go through the online activation procedure. To do it, keep the **Attempt to activate my license online now** option checked and click **Next**. Online activation requires an active Internet connection. It usually takes just a few seconds to complete the online activation process.

The image shows a Windows-style dialog box titled "iSpring Cam Pro 9 Activation Wizard". It has a close button (X) in the top right corner. Below the title bar, the text "Enter Registration Details" is displayed in bold, followed by the subtitle "These registration details will be displayed in your iSpring product". To the right of this text is a yellow key icon. The main area of the dialog is light gray and contains the text "This product is registered to:". Below this, there are two text input fields. The first is labeled "Name:" and contains the text "John Smith". The second is labeled "Company:" and contains the text "iSpring". At the bottom left of the main area, there is a checkbox labeled "Activate my license online now" which is currently checked. At the bottom of the dialog, there are four buttons: "< Back", "Next >", "Cancel", and "Help". A mouse cursor is pointing at the "Next >" button.

After successful activation, you will see the number of remaining activations and the total amount of the allowed activations for your license.

## Manual Offline Activation

To perform offline activation:

1. Clear the **Attempt to activate my license online now** checkbox, enter your registration information and click **Next**.

The image shows a Windows-style dialog box titled "iSpring Cam Pro 9 Activation Wizard". It has a close button (X) in the top right corner. Below the title bar, the text "Enter Registration Details" is displayed in bold, followed by the subtitle "These registration details will be displayed in your iSpring product". To the right of this text is a yellow key icon. Below this, a section titled "This product is registered to:" contains two text input fields: "Name:" with the value "John Smith" and "Company:" with the value "iSpring". At the bottom left of the main content area, there is a checkbox labeled "Activate my license online now", which is highlighted with a red rectangular border. At the bottom of the dialog, there are four buttons: "< Back", "Next >" (which is highlighted with a blue border and has a mouse cursor over it), "Cancel", and "Help".

2. Choose **Activate the license manually** and click **Next**.

3. Send a license activation request with your License request code and License key via email to the Support Team. After you receive a **License activation code** from the iSpring Support Team, paste it into the corresponding field and click **Next**. Manual activation requests are usually processed within one business day.

**The activation process should be completed within 3 days after you enter the license key. If the license is not activated within this period, an evaluation watermark will be added to your videos.**

The license activation binds the product to a given computer and its operating system. As the number of the allowed activations is limited, you should [deactivate a previously activated license](#) in case you want to reinstall the operating system or activate the license on another computer. This way you will not lose your activations.
