

Change Password

In order to change your password, go to the **Profile Settings** page:

Change Password

Current password:

.....

Your current password is required to change your password.

New password:

.....

Confirm:

.....|

1. Scroll down to the **Change Password** area.
2. Type in your current password.
3. Enter your new password in the **New Password** field.
4. Re-enter your password in the **Confirm Password** field.
5. Click the **Save** button.

Once you click the **Save** button, you will see a notification that your password has been changed. After that, you can use your new password to log into the system.

Note: Verify that your password meets the complexity requirements. Requirements are: latin letters (a-z), at least one uppercase letter (A-Z) and a number (0-9), length should be 6 symbols and more. You can create a more secure password by adding special characters: !@#\$%^&*()-_+=;:.,/'?"\|`~[]{}.
