

# Changing License Key or Registration Info

To enter another license key or change the registration information please perform the following steps:

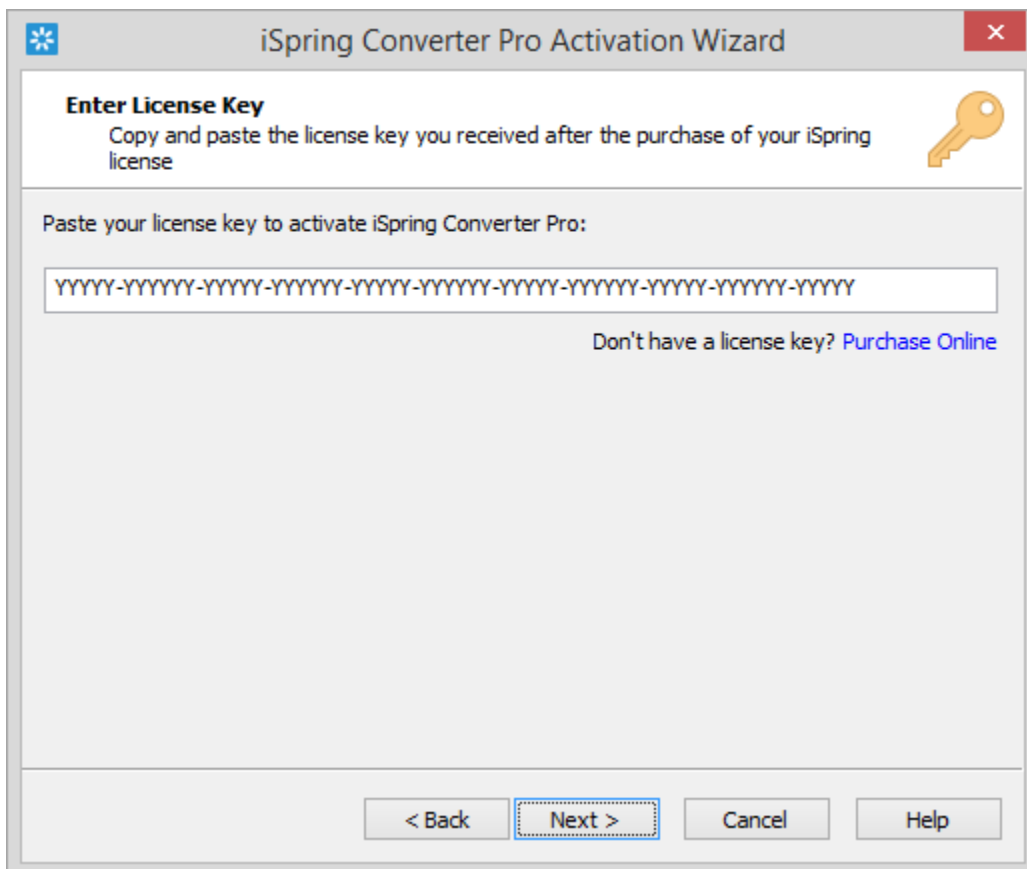

1. Click **About** in the Information section of the iSpring Converter Pro toolbar. Click **Change License key** to run the iSpring Converter Pro Activation Wizard.

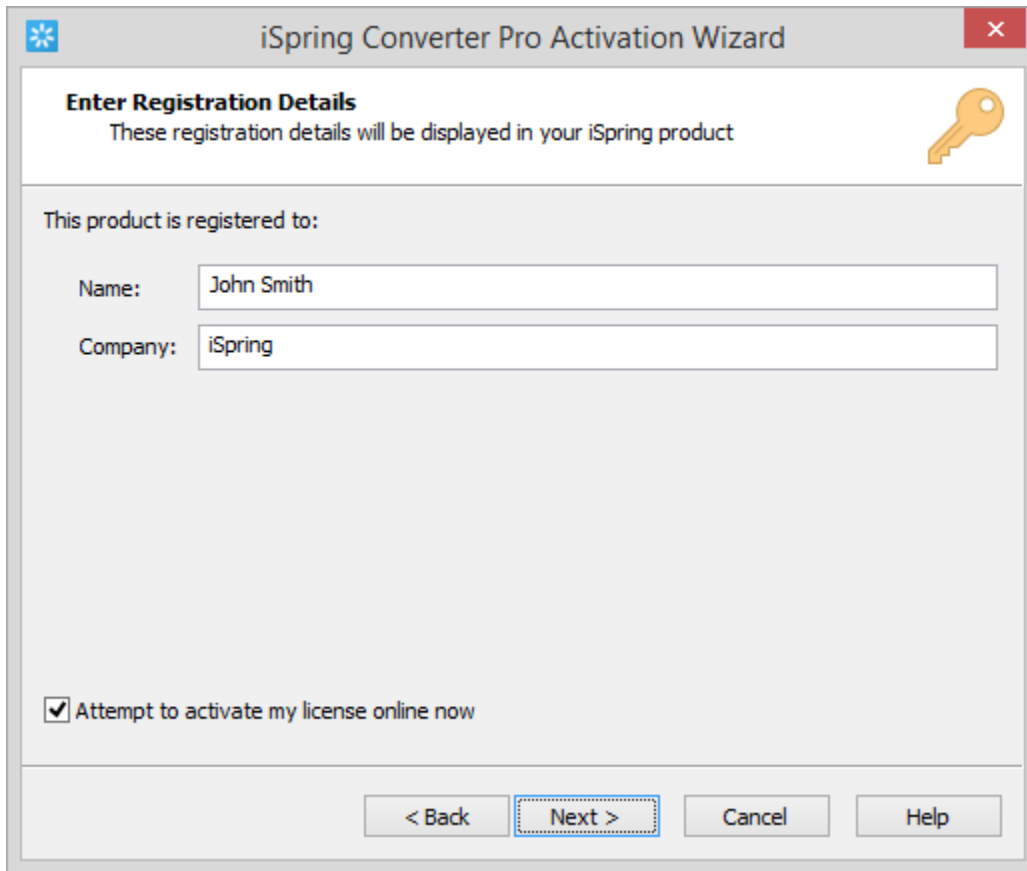

2. Choose **Enter another license key or registration info**. Click **Next**.

3. Enter your new license key and click **Next**.

4. Enter the new name and company name and click **Next**.

The image shows a software dialog box titled "iSpring Converter Pro Activation Wizard". The window has a standard Windows-style title bar with a close button (X) in the top right corner. Below the title bar, there is a header section with a blue asterisk icon on the left and a yellow key icon on the right. The header text reads "Enter Registration Details" and "These registration details will be displayed in your iSpring product". Below the header, the text "This product is registered to:" is followed by two input fields. The first field is labeled "Name:" and contains the text "John Smith". The second field is labeled "Company:" and contains the text "iSpring". At the bottom left of the main content area, there is a checked checkbox with the label "Attempt to activate my license online now". At the bottom of the dialog box, there are four buttons: "< Back", "Next >" (which is highlighted with a blue dashed border), "Cancel", and "Help".

After successful activation the new information will be displayed in the **About** window.
