

Learning Course Options

The **Learning Course** tab allows you to select your simulation type, set information about the simulation, and choose how to report the completion status to an LMS.

The screenshot shows the 'Publish Simulation' dialog box in iSpring TalkMaster. The 'Learning Course' tab is selected, displaying the following fields:

- Course Information:**
 - Type: SCORM 1.2 (dropdown)
 - Title: Car Sales Simulation (text box)
 - Lesson Title: Lesson 1 (text box)
 - Description: (text area)
 - Keywords: (text box)
- Report Completion:**
 - Report status to LMS as: Passed/Failed (dropdown)

Buttons for 'Publish' and 'Cancel' are located at the bottom right of the dialog.

Table 1. Course Information

Option	Description
Type	Select a type of standard for your training course: SCORM 1.2, 2004, AICC, Blackboard 9.x and Experience API. You can learn more about SCORM versions , AICC and Experience API features and differences between them on Wikipedia.
Title	Put your training course name here.
Lesson title	Put in your lesson name.
Description	Type in a brief description of your training course here.
Keywords	Specify keywords for your LMS. They will help people find your training course by these keywords.
Tags	Tags are a powerful and useful tool to arrange content by themes. Add tags separated with commas.
Author	Specify the author of the presentation. If the field remains empty, the owner of the iSpring Learn account will be set as the author by default.

xAPI endpoint	Specify the address of the Learning Record Store (LRS) that stores learning records.
----------------------	--

The **Tags** and **Author** fields are available in the Learning course tab when you publish for iSpring Learn.

Table 2. Report Completion

Option	Description
Report status to LMS as	Choose the completion status, that will be sent to your LMS on successful/unsuccessful completion.

Experience API (Tin Can API) Settings

Experience API content can be hosted and launched outside of the LMS. To track the course statistics, specify the LRS address in the **xAPI endpoint** field.

Click **Options** to define additional parameters.

Table 3. xAPI endpoint options

Option	Description
--------	-------------

Login/Password	Enter access credentials to the LRS.
Name/Email	Specify the sender's details that will be used for sending statistics

CMI5 (Experimental)

CMI5 is a set of rules providing all the capabilities of SCORM and xAPI at the same time. Students can take course materials when there's no Internet connection with special mobile apps. The progress will be saved and sent to the LMS once the connection is restored.

In the **Launch method** field, choose if your dialog simulation should open in a new browser window (**Own window**) or according to the LMS settings that apply to all courses in it (**Any window**).

The screenshot shows the 'Publish Simulation' dialog box for iSpring TalkMaster. The 'Learning Course' tab is active, displaying the 'Course Information' section. The 'Type' dropdown is set to 'CMI-5 (Experimental)'. The 'Title' is 'Bank Learning', the 'Identifier' is '0EE9E26F-5942-46C5-9DD8-3132A00F67DA', and the 'Description' field is empty. The 'Launch method' dropdown is set to 'Any Window', with a mouse cursor hovering over the 'Own Window' option. The 'Publish' and 'Cancel' buttons are visible at the bottom right.

Field	Value
Type	CMI-5 (Experimental)
Title	Bank Learning
Identifier	0EE9E26F-5942-46C5-9DD8-3132A00F67DA
Description	
Launch method	Any Window
