

Quiz Properties

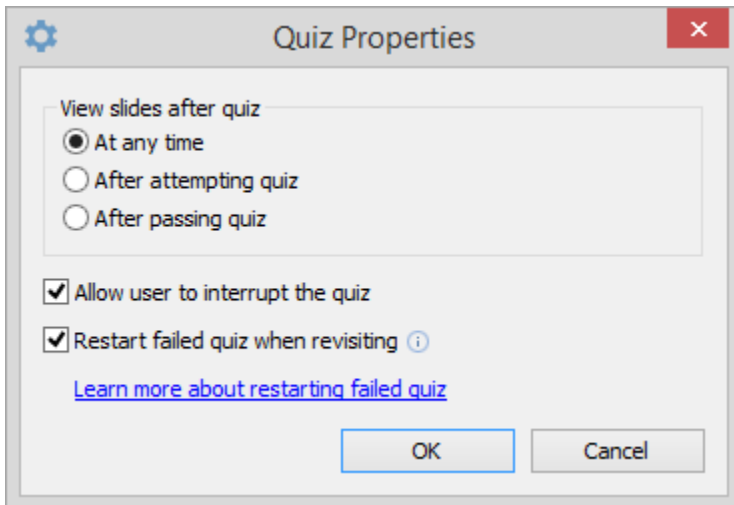

If you added a quiz to your course, the **Add Quiz** plus icons will be replaced with the **Quiz** menu. In the **Quiz Properties** window, you can allow or prevent users from viewing presentation's content after the quiz slide.

To edit quiz properties:

1. Click the **Quiz** button in the Object column
2. Select the **Properties** option in the drop-down menu

In the **Quiz Properties** window you can specify when a user will be able to view slides after the quiz.

Quiz properties	
View slides after quiz	Specify when users are allowed to view slides after the quiz: <ul style="list-style-type: none"> • At any time • After attempting the quiz • After passing the quiz
Allow user to interrupt the quiz	If this checkbox is selected, the user will be able leave the quiz and proceed to another slide.

Restart failed quiz when revisiting

This option makes a quiz refresh each time a user comes back to a slide with the failed quiz. Use this option to make users retake the theoretical material and give them a fresh start the next time they open the quiz.
