

Activating iSpring Pro License

To start using iSpring Pro without the trial period limitations, you need to obtain a product license and activate it.

- [Online Activation](#)
- [Manual Activation](#)

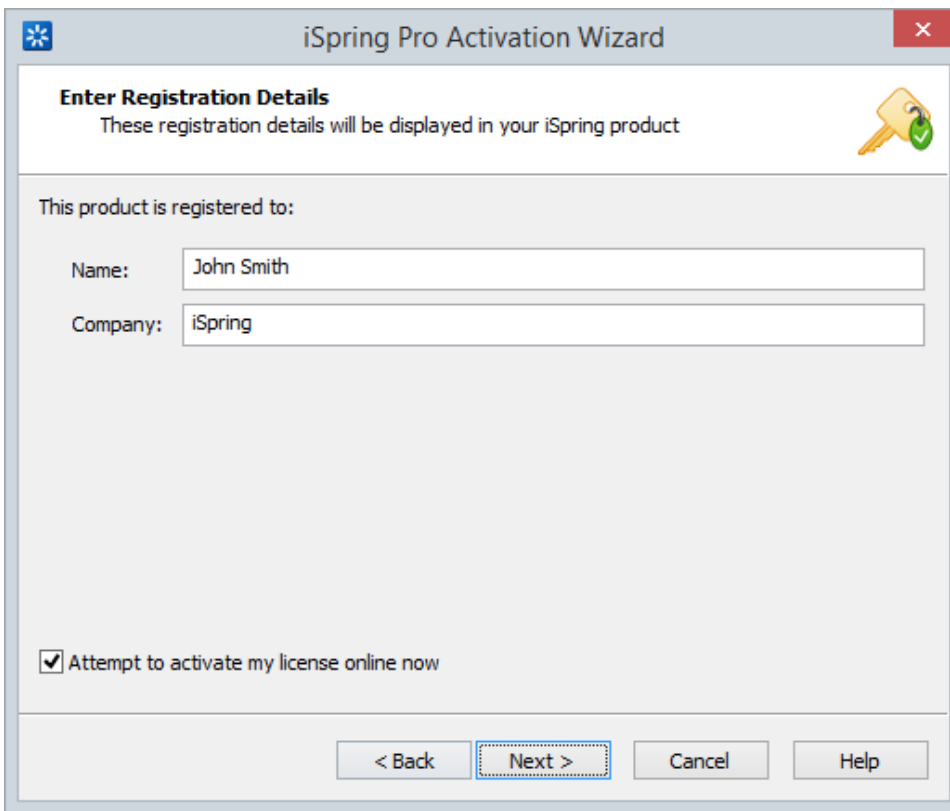

1. If you already have the iSpring Pro license, enter your license key and click **Next** to proceed with entering **Registration Details**.

To purchase the iSpring Pro license, click **Purchase Online**.

The image shows a screenshot of the "iSpring Pro Activation Wizard" dialog box. The title bar reads "iSpring Pro Activation Wizard" with a close button (X) on the right. The main content area is titled "Enter License Key" and includes the instruction: "Copy and paste the license key you received after the purchase of your iSpring license". To the right of this text is a key icon with a green checkmark. Below the instruction, it says "Paste your license key to activate iSpring Pro:" followed by a text input field containing a placeholder license key: "XXXXX-XXXXX-XXXXX-XXXXX-XXXXX-XXXXX-XXXXX-XXXXX-XXXXX-XXXXX". Below the input field, there is a link that says "Don't have a license key? [Purchase Online](#)". At the bottom of the dialog, there are four buttons: "< Back", "Next >" (which is highlighted with a dashed border), "Cancel", and "Help".

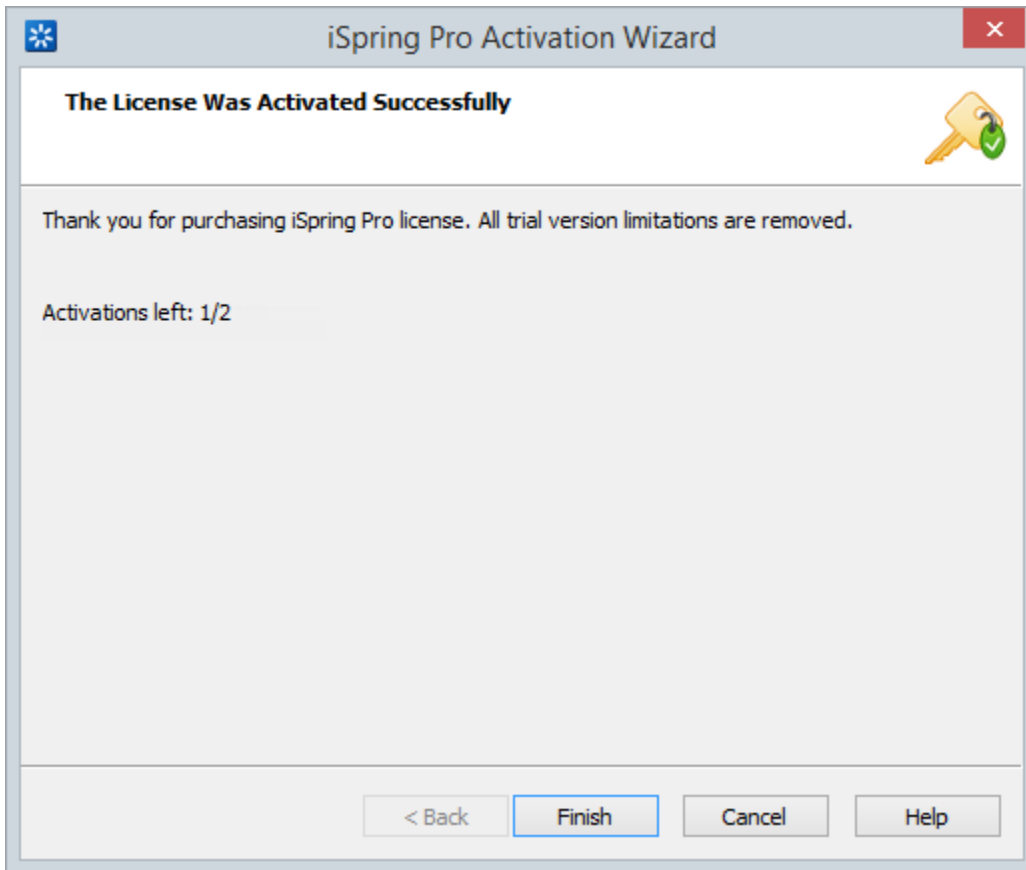

2. At the next step, you can specify the user's name and the company name. This information will be displayed in the **About** window of iSpring Pro.

The image shows a software window titled "iSpring Pro Activation Wizard". At the top, there is a header bar with a blue icon on the left and a red close button on the right. Below the header, the main content area is titled "Enter Registration Details" and includes the instruction "These registration details will be displayed in your iSpring product" next to a key icon. The registration information is as follows: "This product is registered to:" followed by "Name: John Smith" and "Company: iSpring". At the bottom of the form, there is a checked checkbox labeled "Attempt to activate my license online now". A control bar at the very bottom contains four buttons: "< Back", "Next >" (which is highlighted with a dashed border), "Cancel", and "Help".

Online Activation

The fastest way to activate the license is to go through the online activation procedure. To do it, keep the **Attempt to activate my license online now** option checked and click **Next**. Online activation requires an active Internet connection. It usually takes just a few seconds to complete the online activation process.

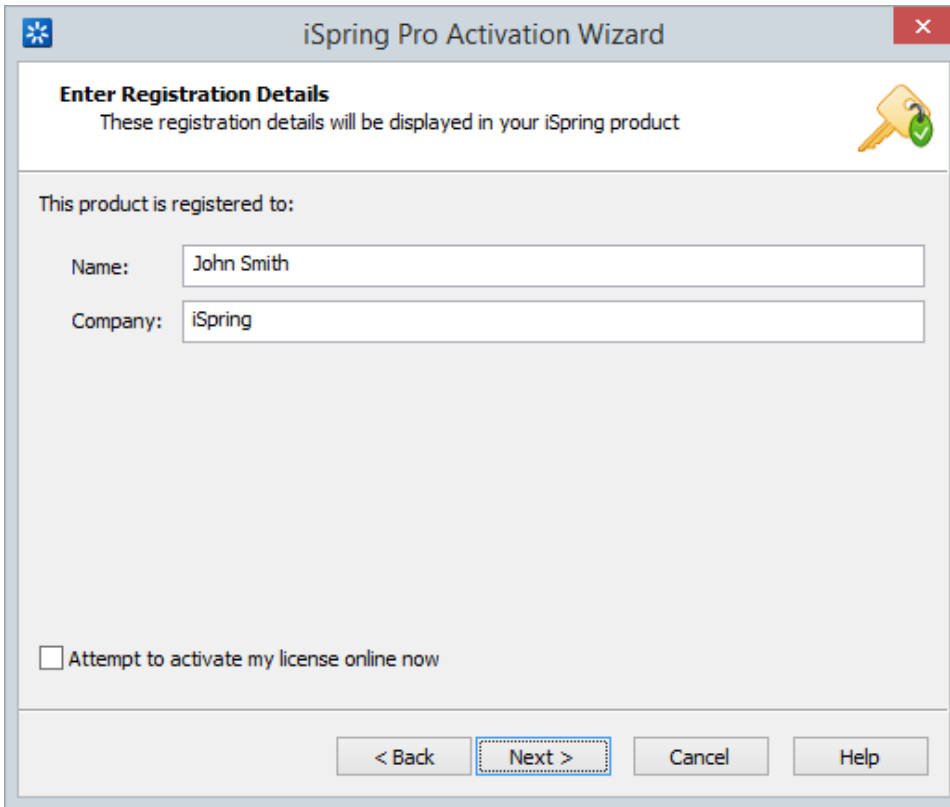

After successful activation, you will see the number of remaining activations and the total amount of the allowed activations for your license.

Manual Activation

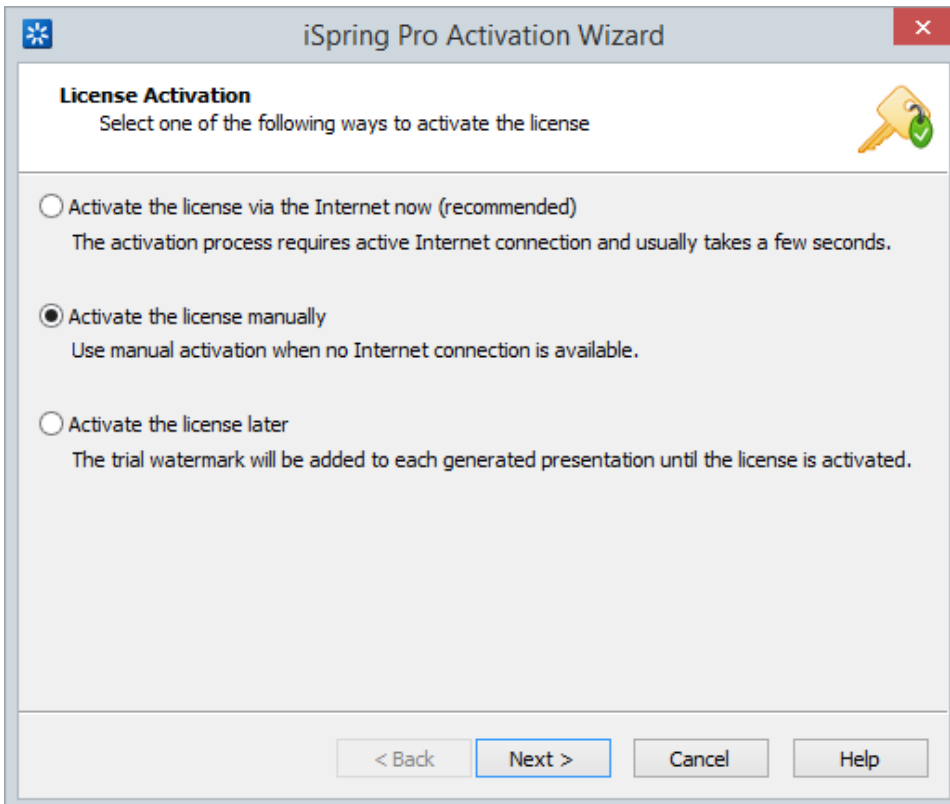

To perform offline activation:

1. Clear the **Attempt to activate my license online now** checkbox, enter your registration information and click **Next**.

The screenshot shows the 'iSpring Pro Activation Wizard' window. The title bar includes a close button (X) and a help icon. The main heading is 'Enter Registration Details' with a sub-heading 'These registration details will be displayed in your iSpring product' and a key icon. Below this, it says 'This product is registered to:' followed by two text input fields: 'Name: John Smith' and 'Company: iSpring'. At the bottom, there is a checkbox labeled 'Attempt to activate my license online now' which is unchecked. The bottom navigation bar contains four buttons: '< Back', 'Next >', 'Cancel', and 'Help'.

2. Choose **Activate the license manually** and click **Next**.

The screenshot shows the 'iSpring Pro Activation Wizard' window at the 'License Activation' step. The title bar includes a close button (X) and a help icon. The main heading is 'License Activation' with a sub-heading 'Select one of the following ways to activate the license' and a key icon. There are three radio button options: 'Activate the license via the Internet now (recommended)' with a description 'The activation process requires active Internet connection and usually takes a few seconds.'; 'Activate the license manually' which is selected, with a description 'Use manual activation when no Internet connection is available.'; and 'Activate the license later' with a description 'The trial watermark will be added to each generated presentation until the license is activated.' The bottom navigation bar contains four buttons: '< Back', 'Next >', 'Cancel', and 'Help'.

3. Send a license activation request with your License request code and License key via email to the Support Team. After you receive the License activation code from the iSpring Support Team, paste it into the corresponding field and click **Next**. Manual activation requests are usually

processed within one business day.

iSpring Pro Activation Wizard

Manual License Activation

Step 1
To activate your license manually you need to send the license request code and your license key to iSpring Support Team.

License request code:
License key:

Step 2
Please enter the license activation code you received from iSpring Support Team and click Next.

License activation code:

Activation process should be complete within 3 days after you entered the license key. If the license is not activated within this period, an evaluation watermark will be added to your presentations.

The license activation binds the product to a given computer and its operating system. As the number of the allowed activations is limited, you should [deactivate a previously activated license](#) in case you want to reinstall the operating system or activate the license on another computer. This way you will not lose your activations.
