

Editing Slide Titles

Titles of slides are shown in the Outline tab of the Universal player. By default, titles are taken from PowerPoint slide titles of the presentation. To change a slide title, click it and type a new one. The new titles will be displayed in your presentation navigation. They can differ from PowerPoint slide titles.

The screenshot shows the 'Presentation Explorer' window with a toolbar at the top and a table of slides below. The toolbar includes buttons for 'Save & Close', 'Hide Slide', 'Promote Demote', 'On-Click Auto', 'Branching Lock', and 'Presenter'. The 'On-Click Auto' button is highlighted. A callout box with a red border and a speech bubble tail points to the title 'Set Up Presentation Structure' of slide 5, containing the text 'Click to edit the title or press F2'. The table below lists slides 3 through 6, with slide 5 highlighted in blue.
