

# Security

You can set up the following security settings for your iSpring Learn account:

- [Strong Password](#)
- [CAPTCHA](#)
- [User Agreement](#)

## Strong Password

To enable strong passwords in your account, tick **Enforce strong passwords** and click **Save**.

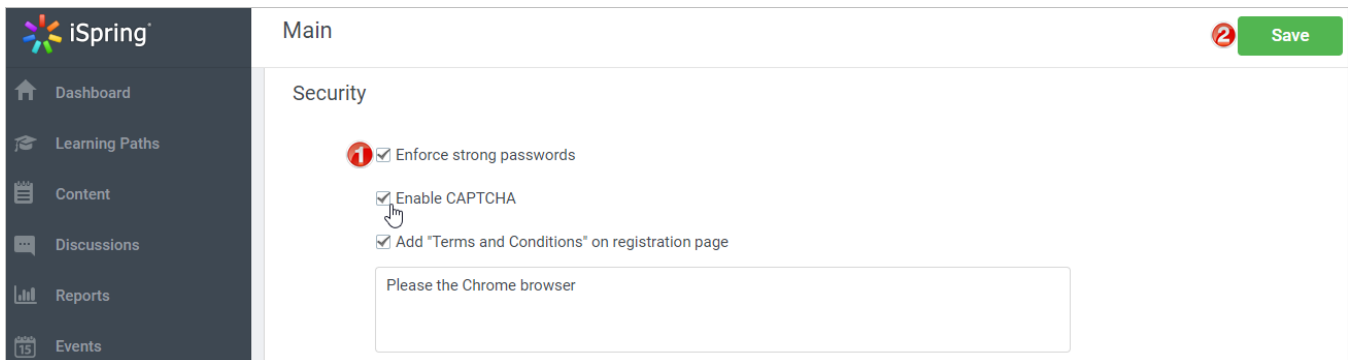

If you switch on this option, your users will have to use a strong password during the registration. A strong password should consist of Latin letters (a-z, A-Z), contain at least one capital letter (A-Z) and a numeral (0-9). Its length should be 6 and more characters.

If this option is disabled, users may enter a simpler password that consists of 6 and more characters without any extra criteria.

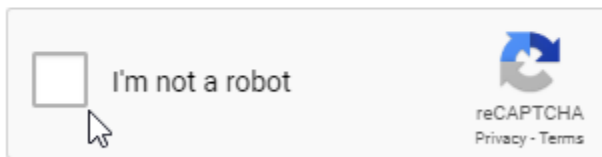

## CAPTCHA

To protect the account from spammers and bots, enable Google reCAPTCHA and click **Save**. This computer test will help to determine if the user attempting to access the system is a human or a program.

If CAPTCHA is switched on in your account, you and your users will have to pass through the 'I'm not a robot' test every time when signing in.

## Welcome Back!

 Remember me[Forgot your password?](#)

## User Agreement

You can have the users accept the terms and conditions of LMS. To do this, tick **Add "Terms and Conditions" on registration page** and enter the text of the conditions the users are supposed to accept.

A screenshot of the iSpring LMS Admin Panel. The left sidebar shows navigation options: Dashboard, Learning Paths, Content, Discussions, Reports, and Events. The main content area is titled "Main" and "Security". Under "Security", there are four checkboxes: "Enforce strong passwords", "Enable CAPTCHA", "Add 'Terms and Conditions' on registration page", and "Registering at iSpring Learn LMS, you accept the terms and conditions of the license agreement and give us your permission to collect and process your personal data." The third checkbox is checked and has a red circle with the number 1 next to it. A mouse cursor is pointing at it. A tooltip box is open below it, containing the text "Registering at iSpring Learn LMS, you accept the terms and conditions of the license agreement and give us your permission to collect and process your personal data." with a red circle and the number 2 next to it. In the top right corner of the main content area, there is a red circle with the number 3 and a green "Save" button.

If the option to show the user agreement on the registration page is enabled, users will see it during the registration. To continue registering, they will have to accept the agreement. To do this, they will need to click **Accept Terms and Conditions**.

## Terms and Conditions

Please read the following terms and conditions carefully

Registering at iSpring Learn LMS, you accept the terms and conditions of the license agreement and give us your permission to collect and process your personal data.
