

Publishing for Web

The Publish for Web options allows you to save published content to a local folder and then share your simulations with someone else.

To publish a simulation for Web, follow the instructions below:

1. Type a name for your presentation in the **simulation title** field.
2. Specify a local folder or a network share to which you want to save the simulation in the **Local folder** field:
 - Type a path to the destination folder manually
 - or
 - Click the **Browse** button on the right of the **Local folder** field, browse for the folder, select it and click **OK**.
3. Click the **Publish** button to publish your simulation.

When the Publish process is complete, a new window that shows a [preview of your simulation](#) will open.
