

# Recording Video

You can record a video narration using a standard web cam and iSpring Suite. To start recording, click **Record Video** in the Narration area in your iSpring toolbar.

## To record a video:

1. Choose the slide, where you want to record video, from the drop-down slide list.
2. Click **Start record** to start video recording.
3. Click **OK** to save the video or **Cancel** to discard it.
