

Uploading Content to iSpring Learn

iSpring Learn allows you to upload some types of content directly through the web interface. So far the following types of content are supported:

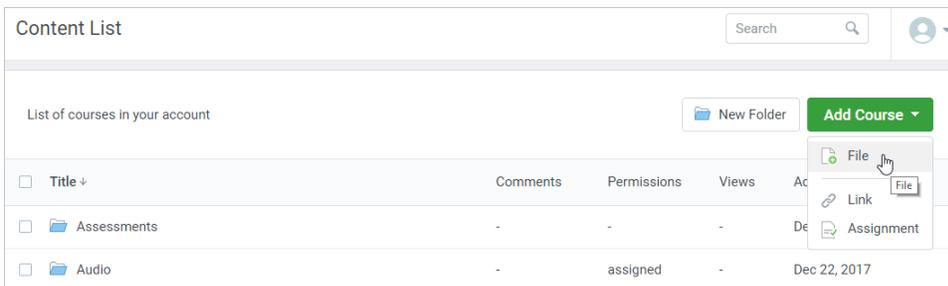

- PowerPoint Presentations (PPT)
- Flash clips (.SWF files)
- SCORM 1.2 or 2004 (all editions) packages (.ZIP files)
- Reference documents (.DOC/XLS/PDF files)
- Audio (.MP3 files)
- Video (.MP4, .FLV files)
- iSpring-created content (courses, presentations, quizzes, simulations, flipping books) - packages for manual upload.

To upload a new learning material to iSpring Learn:

1. Open the **Content** tab.

2. Click the **Add Course** button and choose the type of content to add: **File**

3. In the **Upload** window, click **Browse..**

Upload [X]

Supported types: SCORM 1.2/2004 packages, FLV videos, MP4 videos, MP3 audio, SWF, reference documents (PDF, DOC, XLS, PPT).

Note: you can publish iSpring-created content [directly from your iSpring product](#).

File: File size is limited to 2 GB **Browse...** [No file s]

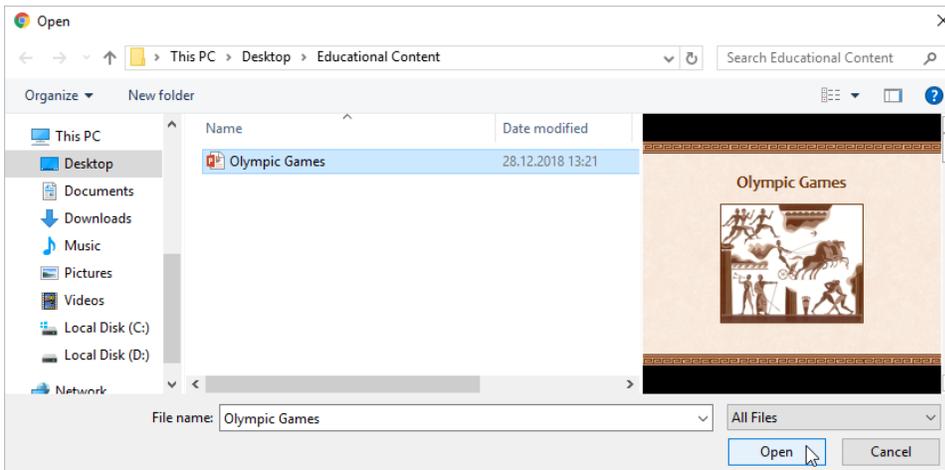

Title: Click to edit the title

Tags: Click to add tags

Description: Click here to add a description

Upload **Cancel**

4. In the File Explorer window, choose the file on your computer and click **Open**.

5. The title will be added automatically and will be the same as the name of the uploaded file. If you wish, you can change it. Add tags and the description and click the **Upload** button.

Upload

Supported types: SCORM 1.2/2004 packages, FLV videos, MP4 videos, MP3 audio, SWF, reference documents (PDF, DOC, XLS, PPT).

Note: you can publish iSpring-created content [directly from your iSpring product](#).
