

Question Defaults

This window contains options that will be applied to each question by default.

Note: You can apply custom settings to each question. Unselect the **Use default options** checkbox in the [Options pane](#).

The screenshot shows the 'Quiz Properties' dialog box with the 'Question Defaults' tab selected. The 'Quiz type' is set to 'Graded'. The 'Question Options' section includes: Points: 10, Penalty: 0, Attempts: 1, Shuffle answers (checked), Allow partial answer (checked), Do not apply penalty for unanswered questions (unchecked), Allow user to skip survey questions (unchecked), Limit time to answer the question (unchecked), and Time limit: 1 mins 0 secs. The 'Feedback' section has three text boxes: 'When the answer is correct: That's right! You answered correctly.', 'When the answer is incorrect: You did not choose the correct response.', and 'When the answer is partially correct: Your answer was almost right.' The dialog has 'OK' and 'Cancel' buttons at the bottom right.

Option	Description
Points	Specify how many points are awarded for each question
Penalty	Specify how many negative points will be subtracted from the total amount of points a user earned

Attempts	Choose the number of attempts to answer a question
Shuffle answers	Select this checkbox to shuffle answers in a quiz
Allow partial answer	Select this checkbox to count partial answers to questions
Do not apply penalty for unanswered questions	Select this checkbox if you do not want to apply a penalty for leaving a question unanswered. On the other hand, a penalty can be still applied for incorrect answers.
Allow user to skip survey questions	Select this checkbox to let users skip survey questions
Limit time to answer the questions	Select this checkbox to set the time limit to answer a question.

The options below are used to configure the feedback window which can be displayed after a user answers a question.

Option	Description
When the answer is correct:	Type a default message to be displayed if a correct answer is given. Click the  Edit Feedback button to edit its text, add sound, insert images or equations.
When answer is incorrect:	Type a default message to be displayed when the answer is wrong. Click the  Edit Feedback button to edit its text, add sound, insert images or equations.
When answer is partially correct:	Type a default message to be displayed when the answer is partially correct. Click the  Edit Feedback button to edit its text, add sound, insert images or equations.
