

Editing Texts and Labels

You can easily modify every button label and message in your quiz. This is particularly useful when targeting multiple languages. All messages are separated into two parts: Button labels and Messages.

Editing Text Messages

To edit text labels of the player in QuizMaker:

- Click **Text Labels** on the toolbar.
- Find the name of the label in the **Message Type** column
- Enter a new value in the **Message** column.

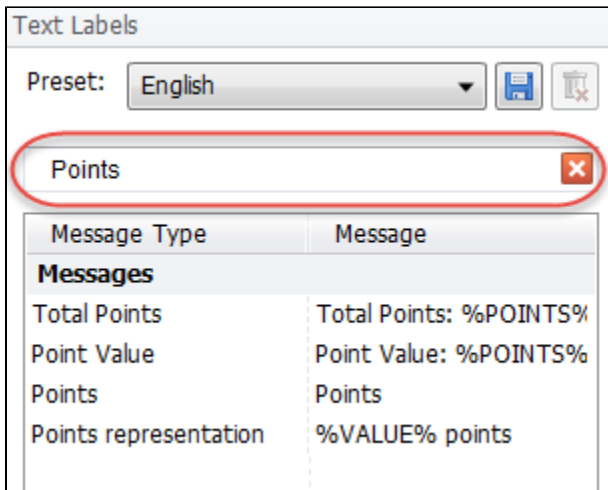

The screenshot shows the iSpring QuizMaker interface. On the left, the 'Text Labels' panel is open, displaying a table with two columns: 'Message Type' and 'Message'. The 'Click to Submit' label is highlighted with a red circle. The main preview area on the right shows a quiz question: 'What are the three famous words the Constirution starts with?' (Note the typo 'Constirution'). Below the question is a text input field with three empty boxes, followed by the text: 'of the United States, in Order to form a more perfect Union, establish Justice, insure domestic Tranquility, provide for the common defence, promote the general Welfare, and secure the Blessings of Liberty to ourselves and our Posterity, do ordain and establish this Constitution for the United States of America.' Below this text are several buttons: 'have', 'world', 'We', 'days', 'Since', 'People', 'the', and 'decided'. A 'Click to Submit' button is also visible at the bottom right of the preview area, also highlighted with a red circle.
