

# Users

All settings related to user management are located in the **Users** section of the admin portal. Here you can manage lists of users, groups, user roles, and departments.

And if you enabled [user sign up](#) in your iSpring Learn account, there will be one more tab in the section. It is called **Sign up Profiles** and under this tab, you can create user sign up links and track how many users registered on their own.

<input type="checkbox"/>	User Name ↓	Status	Department	Groups	Role
<input type="checkbox"/>	<b>Bella Stone</b> bstone@aol.com		My Company	0	Learner
<input type="checkbox"/>	<b>Brian Richards</b> richbbb@gmail.com		My Company	0	Learner
<input type="checkbox"/>	<b>Christine Becker</b> christine.becker		My Company	1	Publisher
