

Activating iSpring Converter License

To start using iSpring Converter without the trial period limitations, you need to obtain a product license and activate it.

- [Online Activation](#)
- [Manual Activation](#)

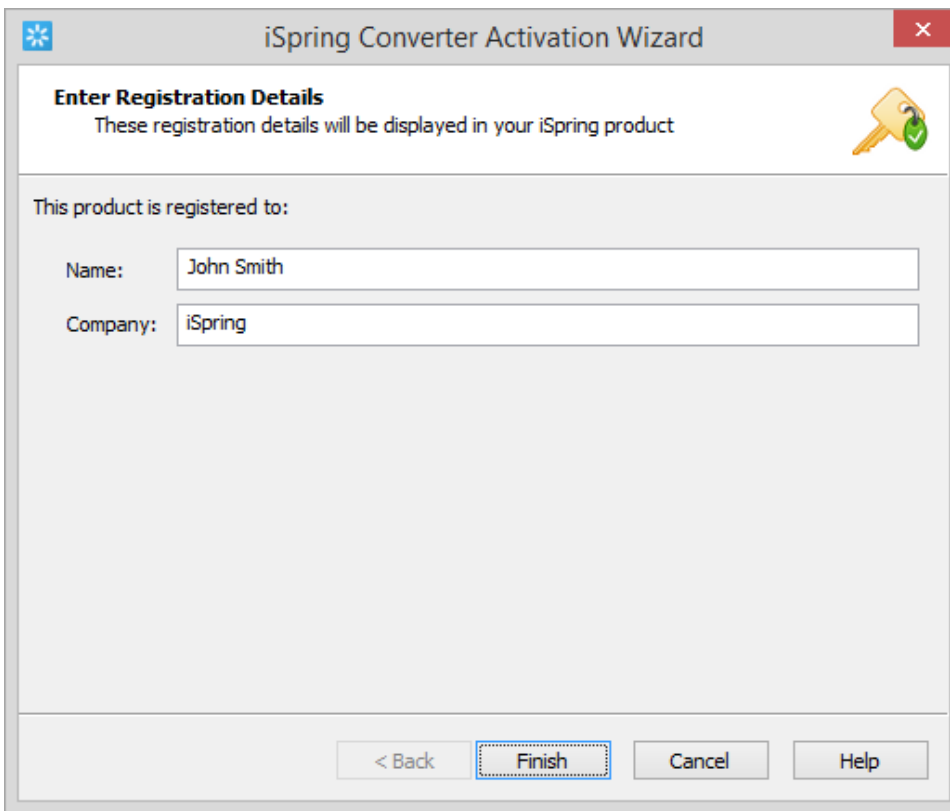

1. If you already have the iSpring Converter license, enter your license key and click Next to proceed with entering Registration Details.

To purchase the iSpring Converter license, click **Purchase Online**.

The screenshot shows a Windows-style dialog box titled "iSpring Converter Activation Wizard". The main heading is "Enter License Key". Below this, it says "Copy and paste the license key you received after the purchase of your iSpring license" next to a key icon. A text input field contains a placeholder license key: "XXXXX-XXXXX-XXXXX-XXXXX-XXXXX-XXXXX-XXXXX-XXXXX-XXXXX-XXXXX-XXXXX". Below the field is a link: "Don't have a license key? [Purchase Online](#)". At the bottom, there are four buttons: "< Back", "Next >", "Cancel", and "Help". The "< Back" button is highlighted with a blue border.

2. At the next step, you can specify the user's name and the company name. This information will be displayed in the **About** window of iSpring Converter.

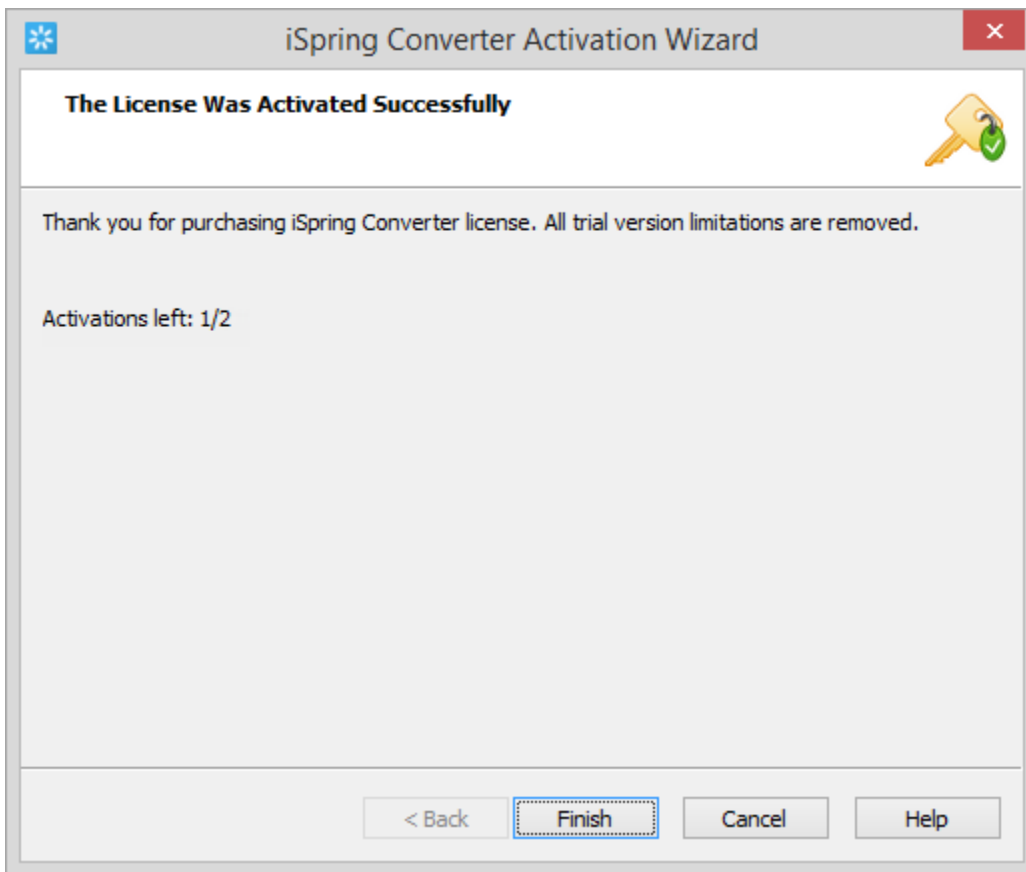

The image shows a software dialog box titled "iSpring Converter Activation Wizard". The window has a standard Windows-style title bar with a blue icon on the left and a red close button on the right. The main content area is titled "Enter Registration Details" and includes the instruction "These registration details will be displayed in your iSpring product" next to a yellow key icon with a green checkmark. Below this, the text "This product is registered to:" is followed by two input fields: "Name:" with the text "John Smith" and "Company:" with the text "iSpring". At the bottom of the dialog, there are four buttons: "< Back", "Finish" (which is highlighted with a blue dashed border), "Cancel", and "Help".

Online Activation

The fastest way to activate the license is to go through the online activation procedure. To do it, keep the Attempt to activate my license online now option checked and click Next. Online activation requires an active Internet connection. It usually takes just a few seconds to complete the online activation process.

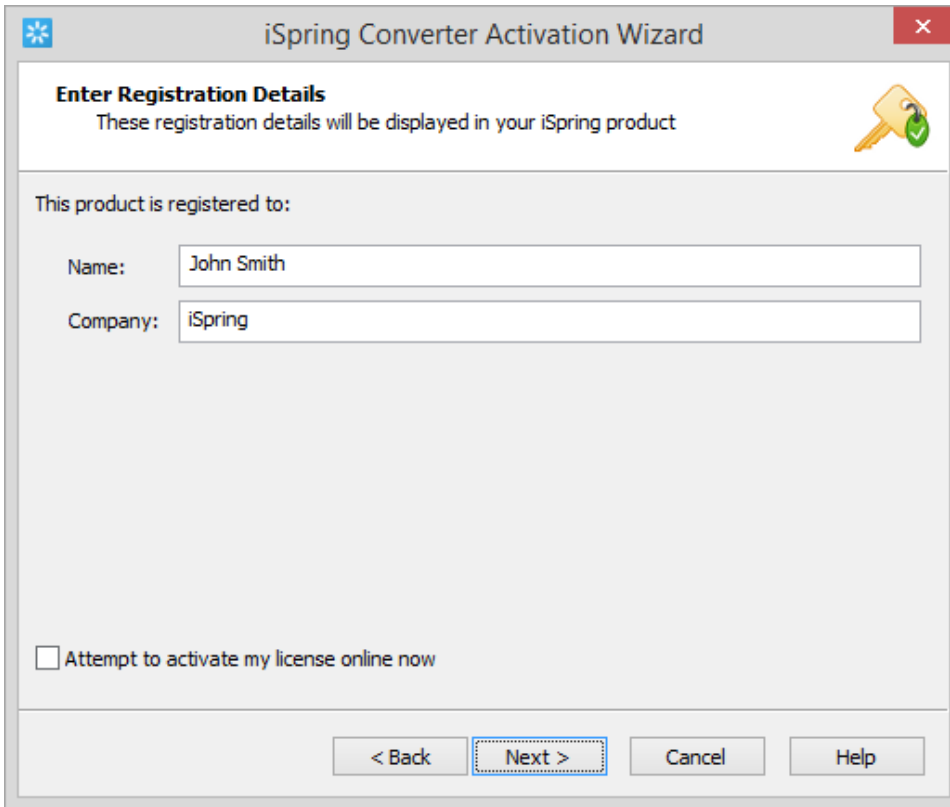

After successful activation, you will see the number of remaining activations and the total amount of the allowed activations for your license.

Manual Activation

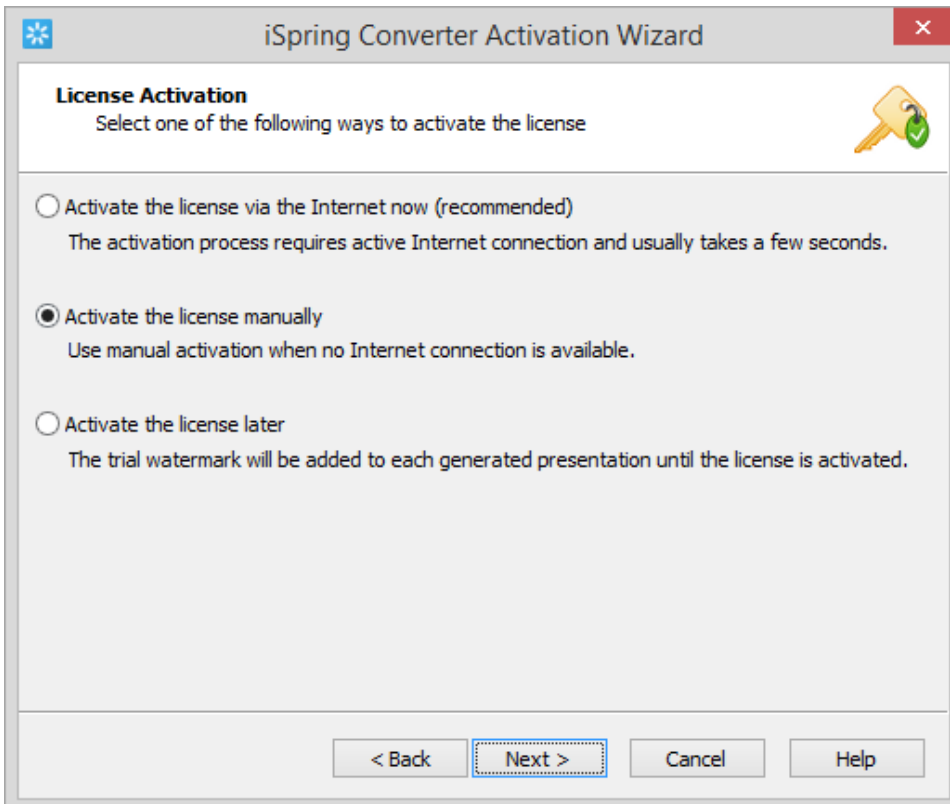

To perform offline activation:

1. Clear the **Attempt to activate my license online now** checkbox, enter your registration information and click **Next**.

The screenshot shows the 'iSpring Converter Activation Wizard' window. The title bar includes a blue asterisk icon on the left and a red close button on the right. The main content area is titled 'Enter Registration Details' and includes the instruction 'These registration details will be displayed in your iSpring product'. A yellow key icon with a green checkmark is positioned in the top right corner. Below the title, the text 'This product is registered to:' is followed by two input fields: 'Name:' containing 'John Smith' and 'Company:' containing 'iSpring'. At the bottom left, there is an unchecked checkbox labeled 'Attempt to activate my license online now'. The bottom of the window features four buttons: '< Back', 'Next >' (highlighted with a dashed border), 'Cancel', and 'Help'.

2. Choose **Activate the license manually** and click **Next**.

The screenshot shows the 'iSpring Converter Activation Wizard' window at the 'License Activation' step. The title bar is identical to the previous window. The main content area is titled 'License Activation' and includes the instruction 'Select one of the following ways to activate the license'. A yellow key icon with a green checkmark is in the top right corner. Three radio button options are listed: 'Activate the license via the Internet now (recommended)' with a sub-note 'The activation process requires active Internet connection and usually takes a few seconds.'; 'Activate the license manually' which is selected (indicated by a filled radio button) and has a sub-note 'Use manual activation when no Internet connection is available.'; and 'Activate the license later' with a sub-note 'The trial watermark will be added to each generated presentation until the license is activated.' The bottom of the window features four buttons: '< Back', 'Next >' (highlighted with a dashed border), 'Cancel', and 'Help'.

3. Send a license activation request with your License request code and License key via email to the Support Team. After you receive the License activation code from the iSpring Support Team, paste it into the corresponding field and click Next. Manual activation requests are usually

processed within one business day.

iSpring Converter Activation Wizard

Manual License Activation

Step 1
To activate your license manually you need to send the license request code and your license key to iSpring Support Team.

License request code:
License key:

Step 2
Please enter the license activation code you received from iSpring Support Team and click Next.

License activation code:

Activation process should be complete within 3 days after you entered the license key. If the license is not activated within this period, an evaluation watermark will be added to your presentations.

The license activation binds the product to a given computer and its operating system. As the number of the allowed activations is limited, you should [deactivate a previously activated license](#) in case you want to reinstall the operating system or activate the license on another computer. This way you will not lose your activations.
