

Editing Texts and Labels of the Video Lecture Player

To edit text labels of the Video Lecture player:

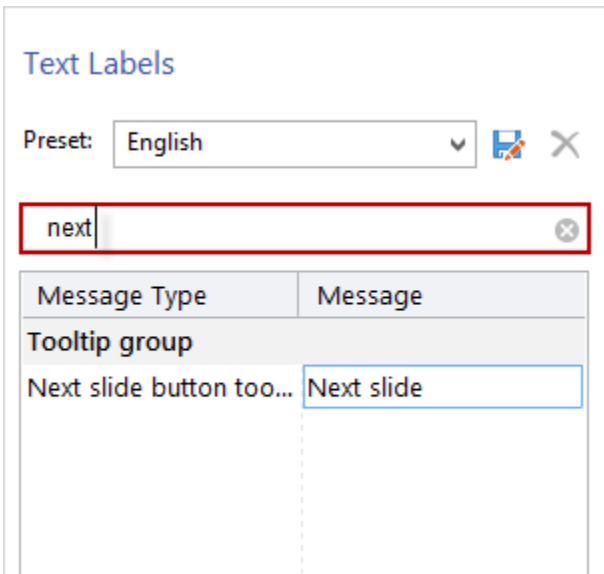

- Click the **Text Labels** button on the toolbar.

Here you can edit any label or message.

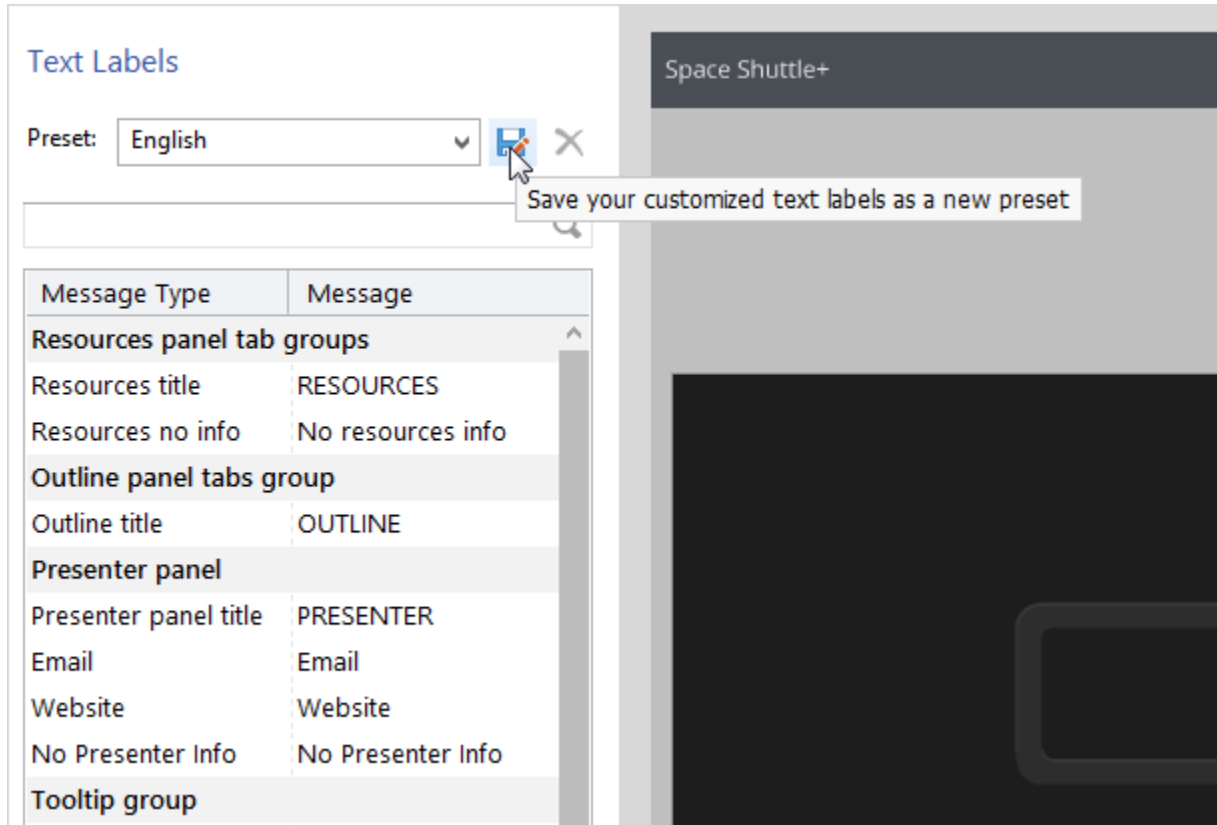

- Locate the name of the label in the **Message Type** column
- Enter a new value in the **Message** column.

To quickly find a message you want to change, use the search option.

Saving Text Messages

You can save your custom messages as a preset for future use.

The screenshot shows the 'Text Labels' interface. At the top, there is a 'Preset:' dropdown menu currently set to 'English'. To the right of the dropdown is a 'Save As' button (a blue square with a white document icon) and a 'Delete' button (a grey 'X'). A tooltip is visible over the 'Save As' button with the text 'Save your customized text labels as a new preset'. Below the preset controls is a table with two columns: 'Message Type' and 'Message'. The table contains several rows of message types and their corresponding messages.
