

# Activating iSpring QuizMaker License

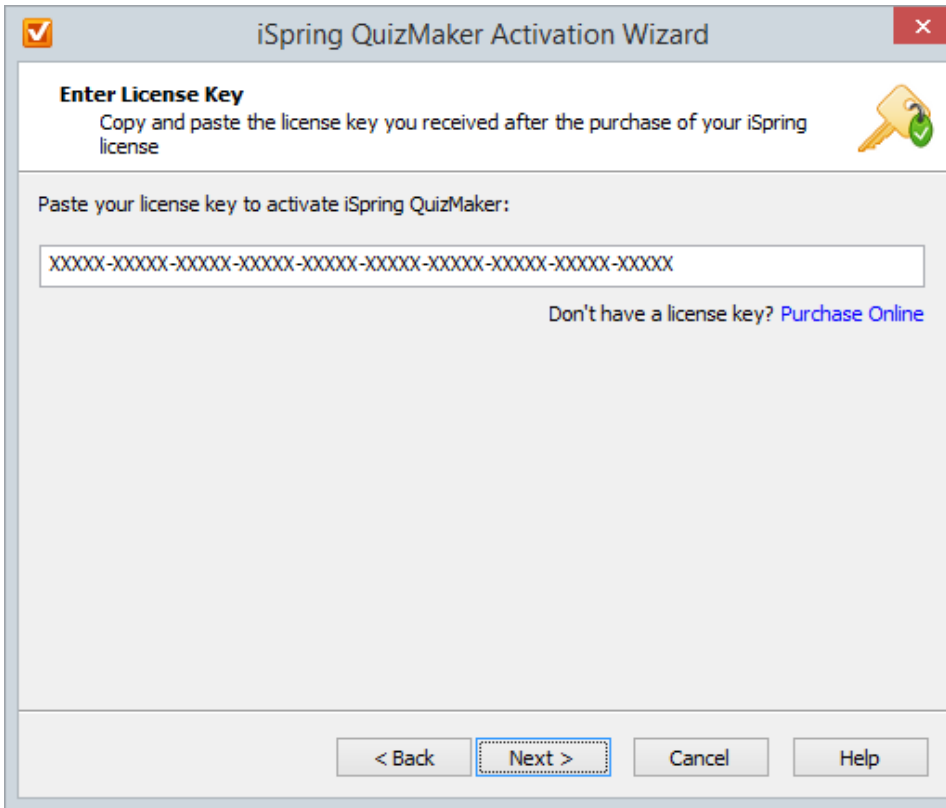

To start using iSpring QuizMaker without the trial period limitations you need to obtain a product license and activate it:

1. In the **Help** tab of the product toolbar click the **Activate** button to launch the iSpring QuizMaker Activation Wizard.

2. If you already have the iSpring QuizMaker license, enter your license key and click **Next** to proceed with entering **Registration Details**.

To purchase the iSpring QuizMaker license, click **Purchase Online**.

3. At the next step, you can specify the user's name and the company name. This information will be displayed in the **About** window of iSpring QuizMaker.

After you complete steps 1,2,3, you can choose whether to activate your license online or offline.

## Online Activation

The fastest way to activate the license is to go through the online activation procedure. To do it, keep the **Attempt to activate my license online now** option checked and click **Next**. Online activation requires an active Internet connection. It usually takes just a few seconds to complete the online activation process.

**iSpring QuizMaker Activation Wizard**

**Enter Registration Details**  
These registration details will be displayed in your iSpring product

This product is registered to:

Name:

Company:

Attempt to activate my license online now

< Back   Next >   Cancel   Help

After successful activation, you will see the number of remaining activations and the total amount of the allowed activations for your license.

**The License Was Activated Successfully**

Thank you for purchasing iSpring QuizMaker license. All trial version limitations are removed.

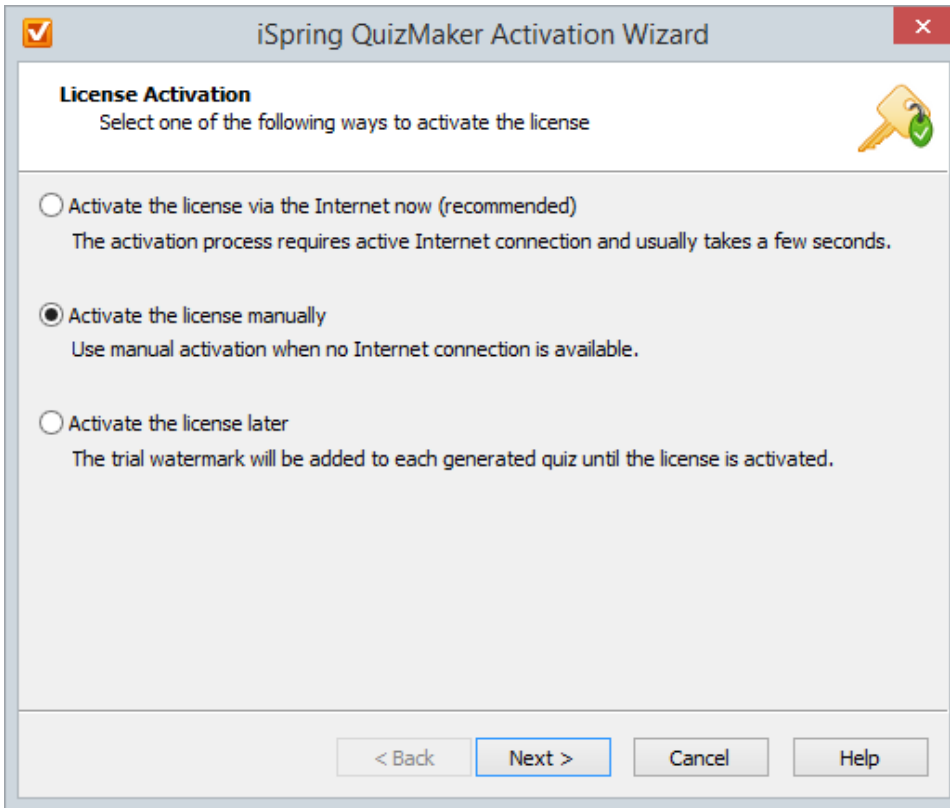

Activations left: 4/10

< Back   Finish   Cancel   Help

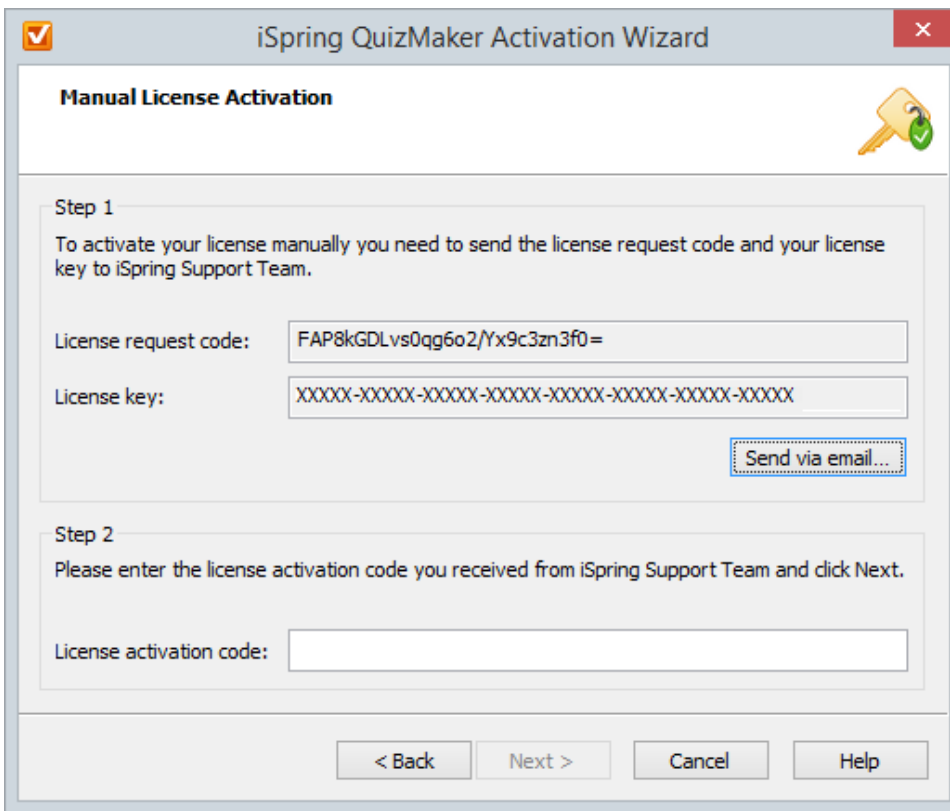

## Manual Offline Activation

To perform offline activation:

1. Clear the **Attempt to activate my license online now** checkbox, enter your registration information and click **Next**.
2. Choose **Activate the license manually** and click **Next**.

3. Send a license activation request with your License request code and License key via email to the Support Team. After you receive a License activation code from the iSpring Support Team, paste it into the corresponding field and click **Next**. Manual activation requests are usually processed within one business day.

The image shows a software window titled "iSpring QuizMaker Activation Wizard". The window has a standard Windows-style title bar with a checkmark icon on the left and a close button on the right. The main content area is titled "Manual License Activation" and features a key icon with a green checkmark. It is divided into two steps. Step 1, titled "Step 1", contains instructions: "To activate your license manually you need to send the license request code and your license key to iSpring Support Team." Below this are two input fields: "License request code:" with the value "FAP8kGDLvs0qg6o2/Yx9c3zn3f0=" and "License key:" with the value "XXXXX-XXXXX-XXXXX-XXXXX-XXXXX-XXXXX-XXXXX-XXXXX". A "Send via email..." button is located to the right of the license key field. Step 2, titled "Step 2", contains instructions: "Please enter the license activation code you received from iSpring Support Team and click Next." Below this is a "License activation code:" input field. At the bottom of the window are four buttons: "< Back", "Next >", "Cancel", and "Help".

### Manual License Activation

**Step 1**  
To activate your license manually you need to send the license request code and your license key to iSpring Support Team.

License request code:   
License key:

**Step 2**  
Please enter the license activation code you received from iSpring Support Team and click Next.

License activation code:

Activation process should be complete within 3 days after you entered the license key. If the license is not activated within this period, an evaluation watermark will be added to your quizzes.

The license activation binds the product to a given computer and its operating system. As the number of the allowed activations is limited, you should [deactivate a previously activated license](#) in case you want to reinstall the operating system or activate the license on another computer. This way you will not lose your activations.
