The Presidents of the United States

The Presidents of the United States

This timeline of the American Presidency includes only those persons who were sworn into office as president following the ratification of the United States Constitution, which took effect on March 4, 1789. That was thirteen years after John Hancock signed the Declaration of Independence on July 4, 1776. After ratification of the United States Constitution, George Washington became the first President of the United States of America.

Go through the timeline to explore the nation growth through the activity of the Presidents. Enjoy reading!
