

User Portal

The User Portal is a learning environment for your employees. In their portal, learners get access to content, manage their profiles, track their progress and send messages to administrators.

Learn how to set up the User Portal in the [User Portal Settings](#) article.

The screenshot displays the User Portal interface. At the top, there is a dark navigation bar with a green logo on the left and icons for messages (with a red notification badge), a bell, and a user profile on the right. Below the navigation bar, a horizontal menu contains five items: "My Courses" (with a book icon), "Events" (with a calendar icon), "Achievements" (with a trophy icon), "Catalog" (with a folder icon), and "Knowledge Base" (with an information icon). A hand cursor is pointing at "My Courses". Below the menu is a banner image of an open book with the text "In Progress (14.29% viewed)".

Below the banner, there are four tabs: "Outline", "About Course", "Reviews (1)", and "Questions and Responses (1)". The "Questions and Responses (1)" tab is selected and highlighted.

The main content area is titled "Course Questions 1". It features a text input field with the placeholder "Type your question here..." and a user profile picture on the left.

Below the input field, there is a question from Christine Becker: "Hi! Can I postpone the due date for this course?". The question is linked to a module: "How to Create a Mobile-First Online Course: 10 Must-Follow Rules". It was posted "1 month ago" and has "2" replies. A "Hide responses (2)" link is visible.

A response from Nick Moore (verified) follows: "Hello! It is not desirable, but if you are having an emergency, I can extend the due date for you for two more days." This response was posted "14 minutes ago".

Christine Becker replies: "Thank you! I really appreciate :)" This response was posted "5 minutes ago".
