

Actions with Sections

You can perform the following actions over course sections:

- [Changing Title and Description](#)
- [Arranging Sections Order](#)
- [Deleting Section](#)

Changing Title and Description

If you are not comfortable with the current title and description, change them.

Lesson 1
Learn basics of creating vector images

 **First Steps in Vector Graphics**
Find what vector images are used for.

 **Top 5 Web Design Tools You Should Know**
Type description ...

 **Vector Graphics in 3 Minutes**
Type description ...

Arranging Sections Order

Modify the sequence your learners take the course sections (it's especially important if the course completion order is [restricted](#)). To do this, use the up and down arrows.

Lesson 2
Let's create your first vector illustration!

 **What is Vector Art?**
Type description ...

 **Make a vector illustration for a landing page**
Type description ...

Deleting Section

To remove a course section that you no longer need:

1. Click the trash bin icon.

Lesson 2 ↓ ↑ 🗑️

Let's create your first vector illustration!

 **What is Vector Art?**
Type description ...

 **Make a vector illustration for a landing page**
Type description ...

2. Confirm your decision in the **Delete Section** window. All content items from the deleted section will be moved a section higher.

Delete Section ✕

Are you sure you want to delete the section "Lesson 2" from the course?

All materials in this section will be moved to the section above.

 The uppermost section of a course cannot be deleted as there is no section to move its items to.
