

Enabling Reviews

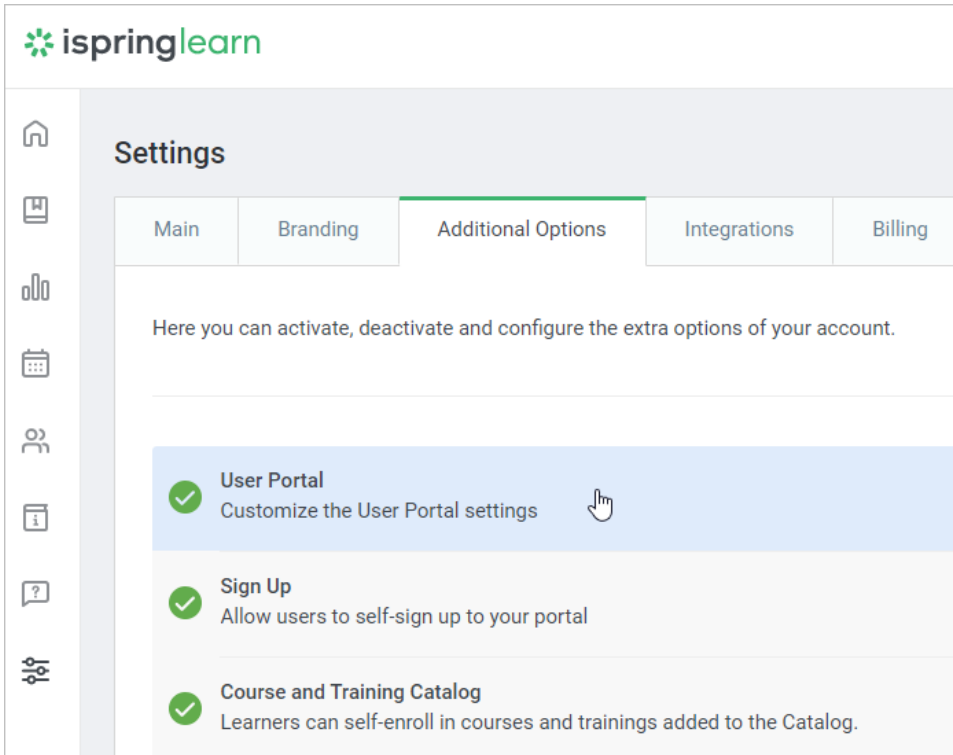

By default, reviews are enabled for all account courses. However, for certain courses, reviews can be disabled and re-enabled later.

Enabling Reviews for the Entire Account

Account Owner and *Account Administrator* can enable reviews for all courses.

1. Open the **Settings** section, select the **Additional Options** tab and click **User Portal**.

2. Check **Enable course reviews** and click **Save**.

← User Portal ✉ 🔔 

Customize the User Portal settings 👁 User Portal Save

Instruction message:

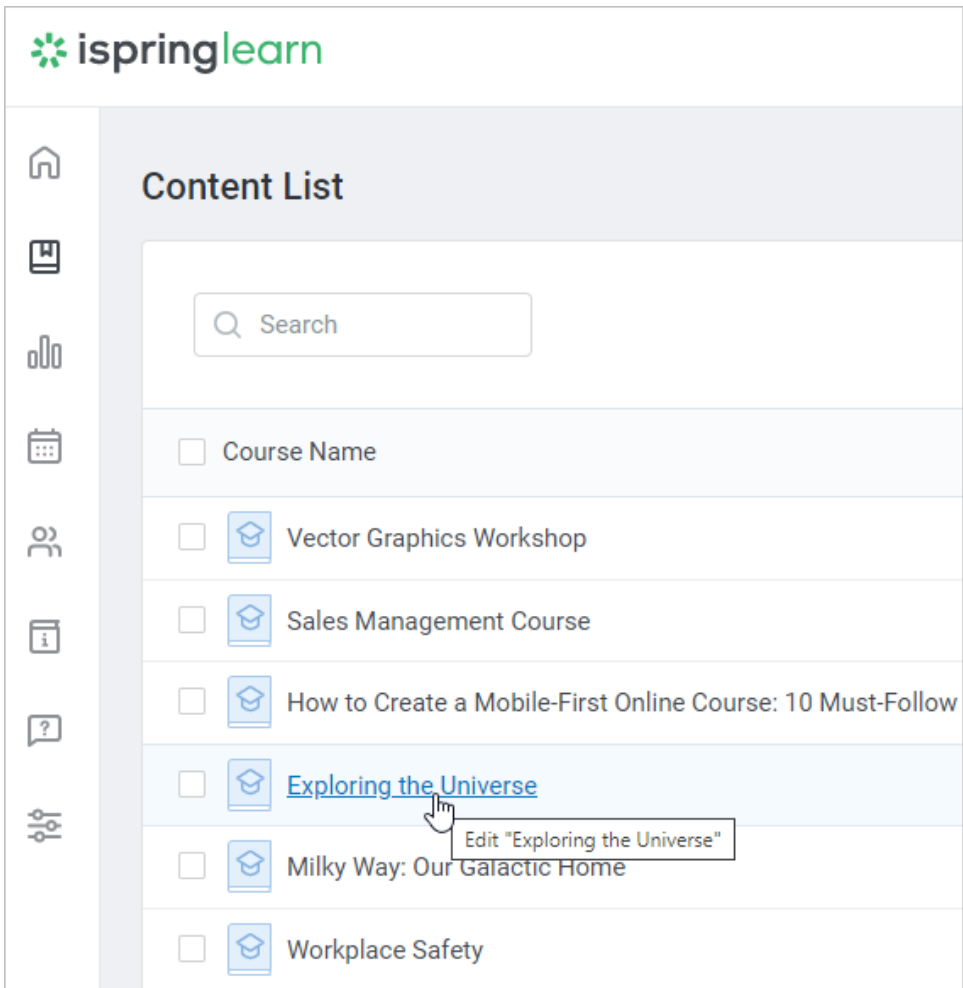

Sort courses by: ▼

- Enable history
- Enable course reviews
- Enable Questions and Responses
- Enable private messaging

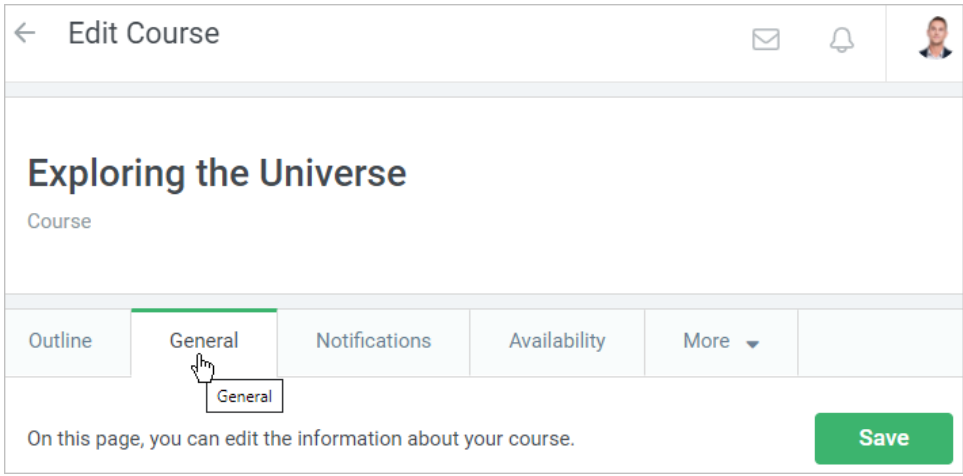

3. Now [your students can leave reviews](#) about the courses that they have completed. You, as an admin, can [check course ratings](#).

Enabling and Disabling Reviews for Certain Courses

1. Select a course for which you want to disable or re-enable reviews.

2. Then, open the **General** tab.

3. Scroll down to the **Course Reviews** section and drag the toggle button to the position needed.

Course Reviews

After completing a course, users will be prompted to leave a review.

Enable course reviews:

4. Finally, save the changes.
