

Main

Under the **Main** tab, you can manage the following settings:

The screenshot shows the iSpring Learn settings interface. At the top left is the iSpring Learn logo. A vertical sidebar on the left contains icons for Home, Settings, Reports, Calendar, Users, Information, Help, and Tools. The main content area is titled "Settings" and has a tabbed interface with five tabs: "Main" (selected), "Branding", "Additional Options", "Integrations", and "Billing". Below the tabs, a text block states: "Use this page to change the name and URL of your account and other settings." The "Account Name" section includes a warning: "Changing your Account URL will require all the publishers to change their publish settings automatically replace the iSpring Learn publishers login URL. Your content items will be p... be changed according to your new Account URL." Below this, there are two input fields: "Account Name" with the value "iSpring Academy" and "Account URL" with the value "my". A note at the bottom says: "To add a domain alias, please [contact iSpring Learn Tech Support](#)".
