Deleting Groups

To delete a user group:

1. Open the Users section, then go to the Groups tab.

‡‡ is	spring learn	Q Search	Q 4 🌡
	Manage Users Users Roles	Groups Collect your learners together to quickly manage the entire group instead of each individual user.	위 New Group
ŝ	Departments Groups الس	☐ Title ↑	Users
000	Sign up Profiles	Business Services	8
ī		On Direct Sales	7
해 도		Product Training	0
		Product Training	47

Select a group or multiple groups and click **Delete** in the top menu. There' another way — right-click on a group name and select **Delete** in the context menu. This option will be suitable if you want to remove multiple groups at once, in this case, you will need to check them all.
