

# Additional Options

Go to the **Settings** section and open the **Additional Options** tab.

The screenshot shows the 'ispringlearn' logo at the top left. Below it is a sidebar with icons for Home, Documents, Reports, Calendar, Users, Information, Help, and Settings. The main content area is titled 'Settings' and contains five tabs: 'Main', 'Branding', 'Additional Options' (which is selected and highlighted with a green border), 'Integrations', and 'Billing'. Below the tabs, there is a text block: 'Here you can activate, deactivate and configure the extra options of your account.' Below this, there are three settings items, each with a green checkmark icon:

- User Portal**  
Customize the User Portal settings
- Sign Up**  
Allow users to self-sign up to your portal
- Course and Training Catalog**  
Learners can self-enroll in courses and trainings added to the Catalog.
