

Deleting a Department

AVAILABLE WITH BUSINESS SUBSCRIPTION

Method: `removeDepartment`

You can't delete a department if:

- it contains users,
- it is managed by *Department Administrator* or *Author*,
- it is the root one.

Permissions to Run the Request

Account Owner, Account Administrators, or [custom roles](#).

Parameters

Parameter	Type	Description
token (required)	string	Access token. You can obtain a token by making a request .
departmentId (required)	string	The ID of the department that you want to remove.

Return Value

Parameter	Type	Description
success	bool	'True' if the specified department has been removed.

Possible Errors

Error	Description
Permission denied	You have no permissions to delete departments.
Wrong parameters	The department with the specified ID was not found or it is the root one.
