# Randomizing Question Groups

The final quiz can include all question groups or a certain number of randomly sorted groups.

To set randomizing:

1. Go to **Quiz Properties -> Navigation -> Question Pool**
2. Select between two options:
   - Include all groups from the quiz
   - Select random groups

Option	Description
Include all groups from the quiz	All groups in the list of questions will be presented to the quiz taker in the fixed order.
Select random groups	A specified number of groups will be presented to the quiz taker in the random order.
Shuffle questions from the selected groups	Questions from the selected groups will be shuffled.
