

Activating iSpring Converter License

To start using iSpring Converter without the trial period limitations, you need to obtain a product license and activate it.

- [Online Activation](#)
- [Manual Activation](#)

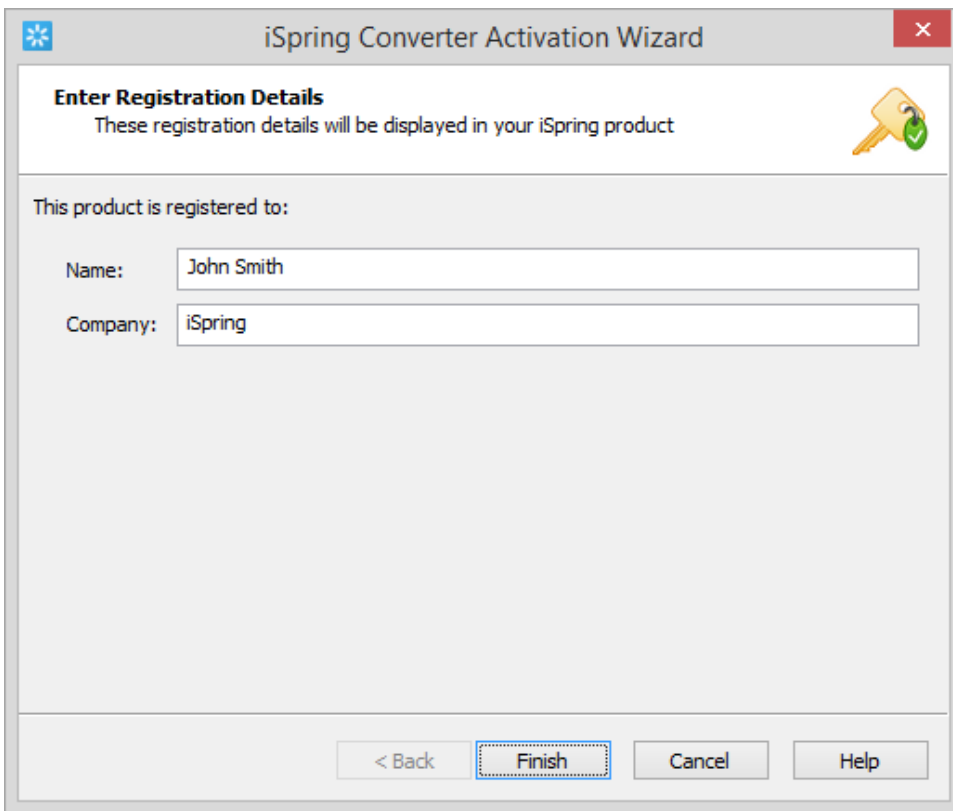

1. If you already have the iSpring Converter license, enter your license key and click Next to proceed with entering Registration Details.

To purchase the iSpring Converter license, click **Purchase Online**.

The image shows a screenshot of the "iSpring Converter Activation Wizard" dialog box. The title bar includes a close button (X) and a help icon. The main content area is titled "Enter License Key" and contains the instruction: "Copy and paste the license key you received after the purchase of your iSpring license". To the right of this text is a yellow key icon with a green checkmark. Below the instruction, there is a text box labeled "Paste your license key to activate iSpring Converter:" containing a placeholder license key: "XXXXX-XXXXX-XXXXX-XXXXX-XXXXX-XXXXX-XXXXX-XXXXX-XXXXX-XXXXX-XXXXX". Below the text box, there is a link that says "Don't have a license key? [Purchase Online](#)". At the bottom of the dialog box, there are four buttons: "< Back", "Next >", "Cancel", and "Help". The "< Back" button is highlighted with a blue dashed border.

2. At the next step, you can specify the user's name and the company name. This information will be displayed in the **About** window of iSpring Converter.

The image shows a Windows-style dialog box titled "iSpring Converter Activation Wizard". It has a standard title bar with a blue icon on the left and a red close button on the right. The main content area is titled "Enter Registration Details" in bold, with a subtitle "These registration details will be displayed in your iSpring product" below it. To the right of the subtitle is a yellow key icon with a green checkmark. Below this, the text "This product is registered to:" is followed by two text input fields. The first field is labeled "Name:" and contains the text "John Smith". The second field is labeled "Company:" and contains the text "iSpring". At the bottom of the dialog, there are four buttons: "< Back", "Finish" (which is highlighted with a blue dashed border), "Cancel", and "Help".

Online Activation

The fastest way to activate the license is to go through the online activation procedure. To do it, keep the Attempt to activate my license online now option checked and click Next. Online activation requires an active Internet connection. It usually takes just a few seconds to complete the online activation process.

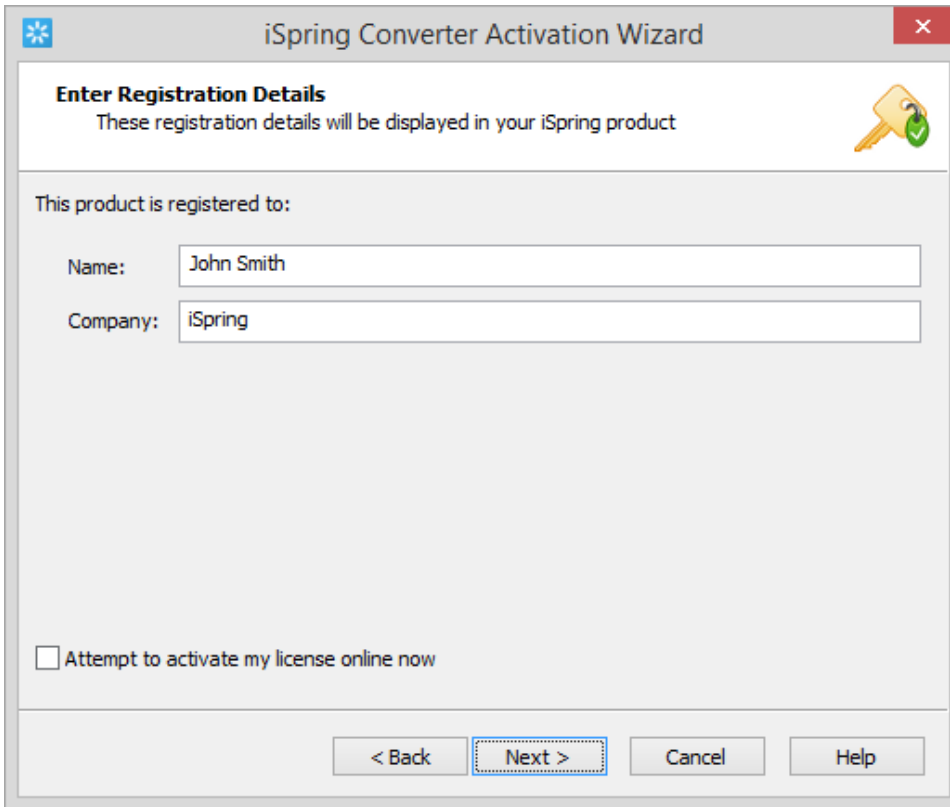

After successful activation, you will see the number of remaining activations and the total amount of the allowed activations for your license.

Manual Activation

To perform offline activation:

1. Clear the **Attempt to activate my license online now** checkbox, enter your registration information and click **Next**.

The screenshot shows the 'Enter Registration Details' window of the iSpring Converter Activation Wizard. The window has a title bar with a blue asterisk icon on the left and a red close button on the right. Below the title bar, the text 'Enter Registration Details' is followed by a subtitle 'These registration details will be displayed in your iSpring product'. To the right of this text is a yellow key icon with a green checkmark. The main area of the window contains the text 'This product is registered to:' followed by two input fields: 'Name:' with the value 'John Smith' and 'Company:' with the value 'iSpring'. At the bottom left, there is a checkbox labeled 'Attempt to activate my license online now' which is currently unchecked. At the bottom right, there are four buttons: '< Back', 'Next >' (which is highlighted with a blue dashed border), 'Cancel', and 'Help'.

2. Choose **Activate the license manually** and click **Next**.

The screenshot shows the 'License Activation' window of the iSpring Converter Activation Wizard. The window has a title bar with a blue asterisk icon on the left and a red close button on the right. Below the title bar, the text 'License Activation' is followed by a subtitle 'Select one of the following ways to activate the license'. To the right of this text is a yellow key icon with a green checkmark. The main area of the window contains three radio button options: 'Activate the license via the Internet now (recommended)' with the description 'The activation process requires active Internet connection and usually takes a few seconds.', 'Activate the license manually' (which is selected with a black dot) with the description 'Use manual activation when no Internet connection is available.', and 'Activate the license later' with the description 'The trial watermark will be added to each generated presentation until the license is activated.' At the bottom right, there are four buttons: '< Back', 'Next >' (which is highlighted with a blue dashed border), 'Cancel', and 'Help'.

License Activation
Select one of the following ways to activate the license

☐ Activate the license via the Internet now (recommended)
The activation process requires active Internet connection and usually takes a few seconds.

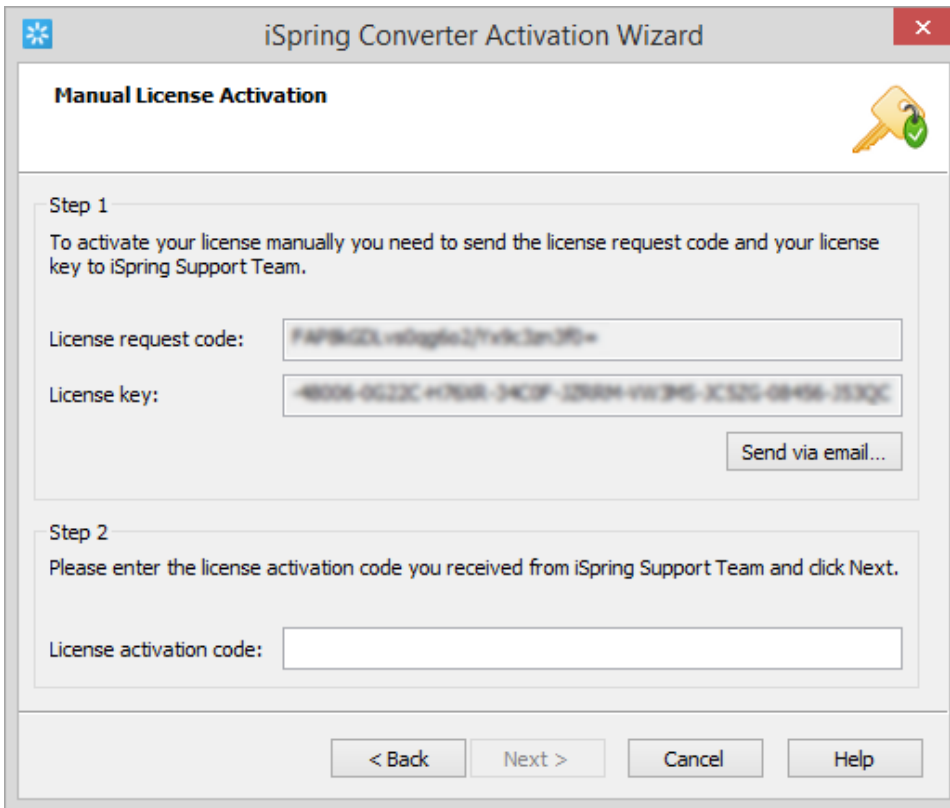

☒ Activate the license manually
Use manual activation when no Internet connection is available.

☐ Activate the license later
The trial watermark will be added to each generated presentation until the license is activated.

3. Send a license activation request with your License request code and License key via email to the Support Team. After you receive the License activation code from the iSpring Support Team, paste it into the corresponding field and click Next. Manual activation requests are usually

processed within one business day.

The image shows a Windows-style dialog box titled "iSpring Converter Activation Wizard". It has a standard title bar with a minimize button, a maximize button, and a close button. The main content area is titled "Manual License Activation" and features a yellow key icon with a green checkmark. The wizard is divided into two steps. Step 1, "Step 1", instructs the user to send a license request code and key to the iSpring Support Team. It contains two text input fields: "License request code:" with the value "FAPB623L-v0Daggle2/7x9k3m3P0=" and "License key:" with the value "-48006-0022C-H76AR-34C3P-1288M-VW3MS-3C32G-08456-253QC". A "Send via email..." button is located to the right of the license key field. Step 2, "Step 2", instructs the user to enter the license activation code received from the support team. It contains a single text input field labeled "License activation code:". At the bottom of the dialog, there are four buttons: "< Back", "Next >", "Cancel", and "Help".

Manual License Activation

Step 1

To activate your license manually you need to send the license request code and your license key to iSpring Support Team.

License request code: FAPB623L-v0Daggle2/7x9k3m3P0=

License key: -48006-0022C-H76AR-34C3P-1288M-VW3MS-3C32G-08456-253QC

Send via email...

Step 2

Please enter the license activation code you received from iSpring Support Team and click Next.

License activation code:

< Back Next > Cancel Help

Activation process should be complete within 3 days after you entered the license key. If the license is not activated within this period, an evaluation watermark will be added to your presentations.

The license activation binds the product to a given computer and its operating system. As the number of the allowed activations is limited, you should [deactivate a previously activated license](#) in case you want to reinstall the operating system or activate the license on another computer. This way you will not lose your activations.
