Deleting a Clip on the Timeline

To delete a clip from the timeline:

1. Click the clip on the timeline, which you want to remove, to select it.
2. Next, you can take a one of the following:

    - Press the **Delete** key on your keyboard.
    - Click the **Delete** button on the toolbar.
    - Right-click on the clip and select **Delete** in the drop down list.

The selected clip will be removed from the presentation timeline.
