

Player Customization

The brand new iSpring QuizMaker player combines the best features of the previous versions with the new improved functionality. It is a highly customizable Flash/HTML5 player with the advanced features. You can configure the player prior to publishing your quiz.

To customize the player, click **Player** on the toolbar.

The player allows you to customize:

- [Top Panel](#)
- [Colors](#)
- [Text Labels](#)
- [Import and Export Player Settings](#)
