

Managing Questions

The quiz editing interface now comes with two tabs: Form View and Slide View. For detailed editing of question properties and answer choices, use the **Form View** mode. To switch to a visual editing mode which looks just like the output, go to **Slide View**.

This section covers the following editing options available in Form View mode:

- [Question types available in iSpring QuizMaker](#)
- [Adding and deleting questions](#)
- [Adding Info Slides](#)
- [Editing Intro Slides](#)
- [Editing Result Slides](#)
- [Duplicating questions](#)
- [Importing questions from another quiz](#)
- [Linking questions](#)
- [Penalties](#)
