Getting a List of Users and their Points

Request: GET /gamification/points

Permissions to Run the Request

Account Owner, *Account Administrators*, *Department Administrators*, *Publishers,* or custom roles.

Department Administrators, Publishers, and users with a custom role can get a list of users belonging to departments they manage and their sub-departments.

Request Headers and Parameters

Header	Description
Authorization (required)	Access token. You can obtain a token by making a request.
Parameter	**Description**
userIds (optional)	Filter by user ID. You can get points for certain users.

Response Codes

Code	Text	Description
200	OK	The request has been successfully processed. The response body contains the XML data regarding users and their points.
400	Bad Request	A request error.
401	Unauthorized	An authorization error.
403	Permission denied	The user doesn't have enough permissions to get a list of users.
