

# Course Questions

AVAILABLE WITH BUSINESS SUBSCRIPTION

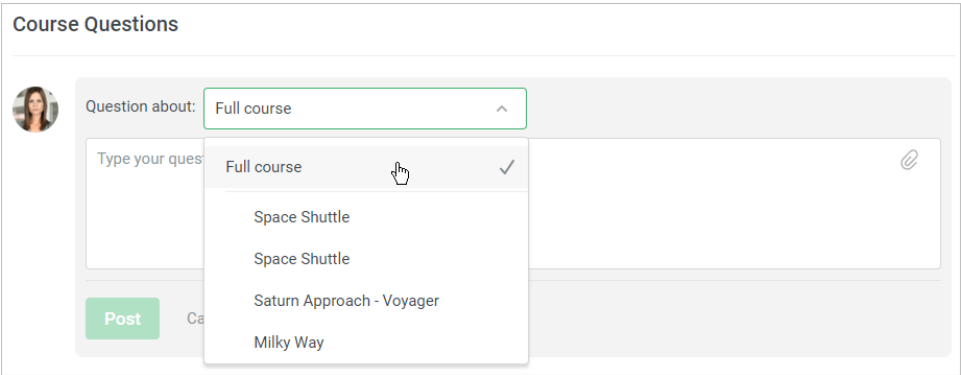

After you have [enabled](#) the **Questions and Responses** feature, users will be able to send their questions about the course or the content items that are included in it.

To ask a question on the course:

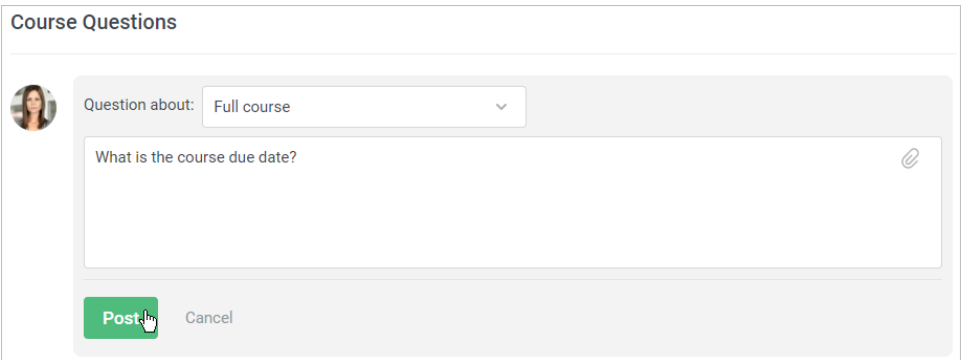

1. Open the course in the user portal, select the **Questions and Responses** tab, and then click **Type your question here**.

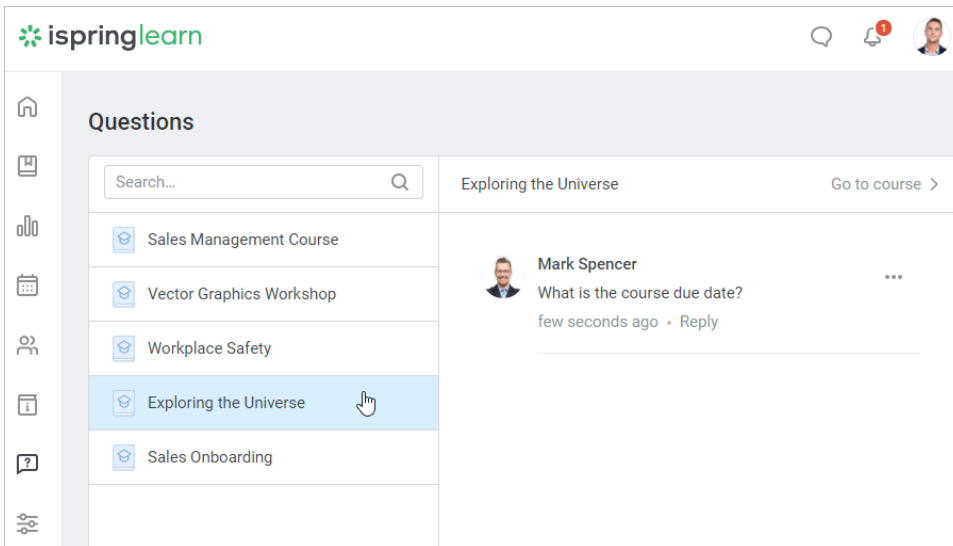

2. Specify whether you want to set a question on the entire course or a particular module.

3. After that, enter the question and hit the **Post** button.

4. Your question has been sent. The administrator will see it in the **Course Questions** section in their account.

The screenshot shows the 'ispringlearn' interface. On the left is a sidebar with icons for home, documents, folders, calendar, people, information, help, and settings. The main area is titled 'Questions'. At the top of this area is a search bar and a 'Go to course >' link. Below the search bar is a list of courses: 'Sales Management Course', 'Vector Graphics Workshop', 'Workplace Safety', 'Exploring the Universe' (highlighted with a hand cursor), and 'Sales Onboarding'. To the right of the course list, a question is displayed from 'Mark Spencer' asking 'What is the course due date?' with a timestamp of 'few seconds ago' and a 'Reply' button.

**Notes:**

- a. Any user who is enrolled in a course can respond to other users' questions or reply to their own questions,
- b. Even if a user has been removed, their questions and responses are kept and shown on the course page.
- c. If there is [an instructor](#) assigned to the course, they will receive [a notification](#) about a question asked through the **Questions and Responses** tab.
