

# Publish from iSpring TalkMaster

Once you have finished editing your role-play, upload it to [iSpring Learn](#), a platform for delivering distance learning to employees and students with online testing and webinars.

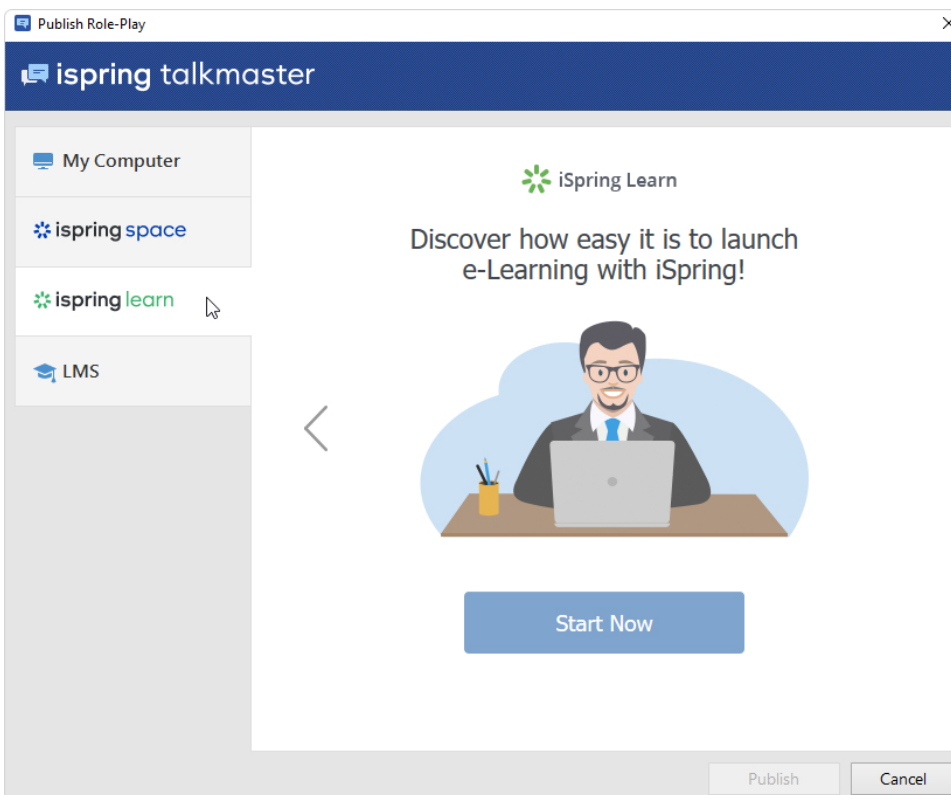

Learn [how to manually upload a content item to iSpring Learn](#) if your computer is disconnected from the Internet or online publishing doesn't complete because of an antivirus program or a proxy server error.

To publish your role-play to iSpring Learn:

1. Click **Publish** on the iSpring TalkMaster toolbar.

2. Choose the **iSpring Learn** tab.  
Browse through the picture gallery and click **Start Now**.

3. Create a new free iSpring Learn account right in the publishing window. Enter your email, name, and phone number, and click **Create Account**.  
You will receive an email with your login details.

- Enter the title of the content item in the **Project name** field. By default, the title is the same as that of the role-play.

6. Then, click **Browse...** to the right of the **Folder** field and choose a course you want to upload your content to. After that, click **Select**.

If you want to replace one of the course modules, mouse over that module and click **Select**. Learn more about the module replacement feature in the [Replacing Content while Publishing](#) article.

7. Then, set up output options:
- [Specify how the role-play behaves in a browser](#)
  - [Select the quality level of images, audio, and video files](#)
  - [Change Accessibility Mode](#)
