Adding a Group

You can add a group by sending the POST request to the following URL: **/group.**

Permission to run the request: Account Owner, Administrator, Organization Administrator.

Request Headers

Parameter	Description
X-Auth-Account-Url (required)	Base URL of the account, e.g. http://myaccount.ispringlearn.com
X-Auth-Email (required)	Administrator e-mail address.
X-Auth-Password (required)	Administrator password.
X-Name (required)	A name of the new group.
X-Description (optional)	A description of the new group.
X-Organization-Id (optional)	Organization ID where the group will be created.

After the request has been completed, the system returns the response with Code 201. The body of the response contains ID of the added group.

Possible Response Codes

Code	Text	Description
403	Permission denied	You have no permissions to add group to the specified organization.
400	Bad Request	The system failed to process the request, because it did not contain all necessary parameters.
400	A group with a given name already exists	A group with the specified name already exists.
201	Created	A new group has been added.
