The **Recent** section contains the materials that you have viewed or created. In this section, you can find a presentation or a page that you have recently viewed or edited quickly.

The **Starred** section includes materials that have been labeled with a star. Usually, the most important and relevant content is placed in this section.

The **Shared with me** section contains materials created by other authors who have given you access. Depending on the level of access, you will be able to view or edit the materials in this section.
