Be sure to keep up with our special offers at ispringsolutions.com

All new iSpring Cloud accounts are totally free. You can upload up to 100 files and have free access to public sharing. If you would like to enjoy the fully functional Pro account beyond 14-day trial, you can purchase the Pro Plan subscription at any time.

> (i) **Important:**
>
> 1. PDF files cannot be uploaded to the trial version of iSpring Cloud.
>
> 2. A Business version of iSpring Cloud can include multiple users who will manage all uploaded content. However, you will need to pay separately for every new user.
>
>   To find out how many users are included in your plan, go to the **Settings** section and select the **Billing** tab.

> If you want to add extra users to your iSpring Cloud account, contact us, and our sales manager will provide you with a quote.
