

# Presentation Resources

In the **Presentation Resources** section, you can add, edit and delete references, file attachments, and web links.

**Presentations Resources** give access to the following options:

- **Attachments and hyperlinks** allow you to manage web references and file attachments in the course.
- **Presenters** enabled you to add, edit and delete information about presenters.
- **Company logo** lets you brand your presentation with your company logo.
- **Settings** allow you to specify the link parameters in your course.
