## **Quiz Size**

By default, the slide size of a published quiz is the one that is specified in the quiz properties. But, if you wish, you can select how a quiz displays in a browser after publishing.

1. Click on the link in the **Size** field.

🗹 Publish Quiz				×
iSpring Quiz	<b>/laker</b>			
L My Computer	Publish to My	<sup>r</sup> Computer		
	Project name:	The basic rules of merchandising		
iSpring Space	Folder:	C:\Users\diane.keaton\Desktop	~	Browse
iSpring Learn	Output Options Format: Size:	HTML5 (for desktop and mobile devices) Use original guiz slide size (1000x650)		
	Quality: Accessibility:	For standard I reverse for standard For stan
