

# Designing Questions in Slide View

To add and edit new questions, use **Form View** mode. To create slides and add additional media objects and text boxes, as well as select the fonts and text size, slide background and animation settings, use **Slide View** mode. To switch between the two modes, use the tabs on the left side of the editor.

The screenshot displays the iSpring Quizmaker application window titled "Selling Techniques - iSpring Quizmaker". The interface is divided into several sections:

- Top Ribbon:** Contains tabs for Home, Insert, Design, Animation, and Help. The Home tab is active, showing options like Paste, Cut, Copy, Format Painter, Layout, Columns, and Font settings (Roboto Light, size 22).
- Left Panel:** Features two tabs: "Form View" and "Slide View". The "Slide View" tab is selected. Below the tabs is a thumbnail view of the presentation slides. The first slide is titled "Welcome to the Selling Techniques Test!" and the second slide is titled "Question Group 1".
- Main Slide Area:** Displays the current slide in "Slide View" mode. The slide background is a photograph of a man in a blue shirt holding a clipboard in a retail setting. A white text box is overlaid on the slide, containing the following text:

There's a client who often has business trips and Skype meetings.

**What kind of headphones would you recommend he use?**

  - ☐ Sennheiser HD 2.30G
  - ☐ Philips SHE 4205BK
  - ☐ JBL E55 BT
- Right Panel:** Contains two sections:
  - Slide Options:** Includes settings for Question type (Graded), Feedback (By Result), Branching (By Result), Score (By Result), Attempts (1), Limit time to answer the question (01:00), and Shuffle answers (checked).
  - Slide Layers:** Includes fields for Correct Feedback, Incorrect Feedback, and a dropdown menu for the question type (Multiple Choice Question).

The status bar at the bottom indicates "Slide 1 of 6" and "Тема По умолчанию". The zoom level is set to 73%.
