

Publishing Books

To publish a finalized book:

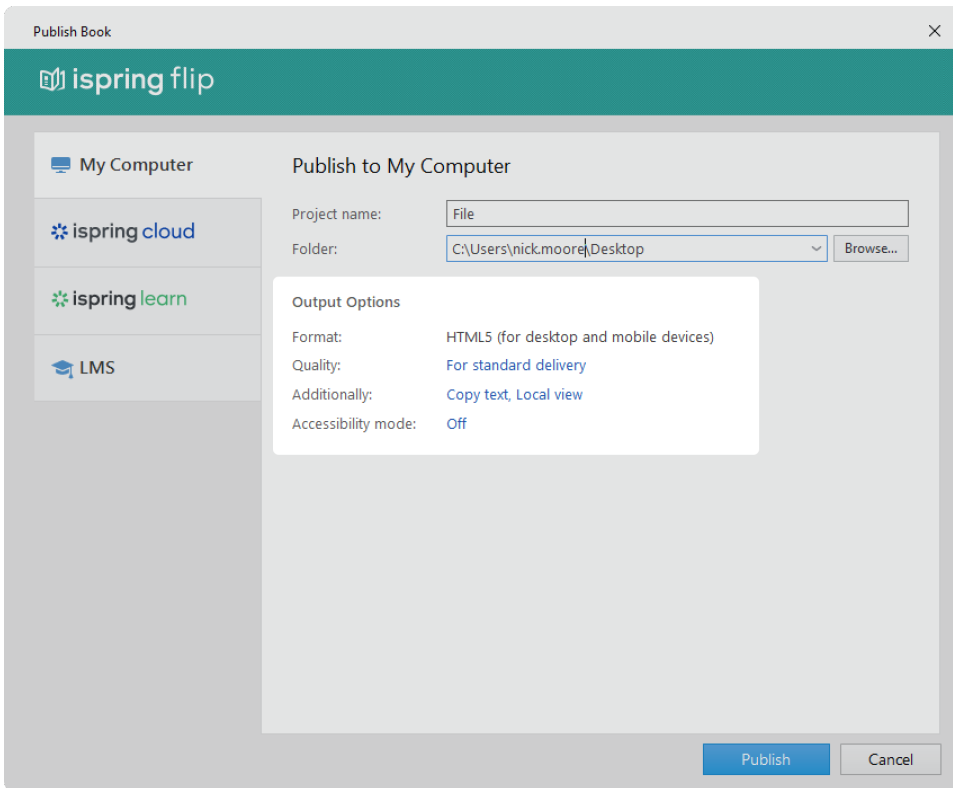

1. Click the **Publish** button on the iSpring Flip toolbar.

2. In the opened window, select a publishing destination.
 - [My Computer](#)
Publish a book on your computer.
 - [iSpring Cloud](#)
Publish a book to iSpring Cloud, a service for creating and storing content.
 - [iSpring Learn](#)
Publish a book to your iSpring Learn LMS account.
 - [LMS](#)
Publish a book to SCORM, AICC, Tin Can, or cmi5 format for subsequent upload to any LMS.

3. Configure [output options](#) and click **Publish**.

4. The book has been successfully published. Select [what you would like to do with it next](#): view it, send via email, upload it to a server, or archive it.
